CRIPPEN APPEARS ON STAND AGAIN

Accused American Clings to Original Story About Wife's Disappearance,

LENEVE GIRL IS MENTIONED

Defense Rested in Case Yesterday—Crippen Stood Ordeal Well—Subject to Searching Examination Four Hours.

London, Oct. 21.—The defense in the case of Dr. Hawley H. Chippen, charged with the murder of his wife, rested today with the summing up address by counsel Alfred A. Tobin. Richard Muir will close for the prosecution tomorrow morning, after which the case will go to the jury. A verdict is expected tomorrow afternoon.

For four hours today Dr. Crippen was subjected to a searching cross examination by Mr. Muir. He stood the ordeal well. His answers were given in a calm, well modulated voice, and at no time did he lose his composure. This was not, however, without an effort on his part, and when he returned to the prisoner's dock the witness was deathly pale and appeared to be almost on the point of collapsing.

Crippen clug to his original story. His wife's fondness for another man led to an estrangement; she threatened frequently to leave him and finally made good her threats; he had no idea what became of her. He told the stories of her death only to cover up a scandal and fled when he realized that he had permitted suspicion to be directed toward him. He had purchased hyoscin, but only to use in the preparation of medicines. He admitted, however, that he had bought the drug on but one occasion and he could not name anyone for whom he had prescribed it.

The defense called two medical experts, who gave the opinions that the mark found on the body unearthed in the cellar of Crippen's home was not a scar.

Experts for the prosecution had sworn that a scar existed and the Crown has attempted to prove that it corresponded with a wound made by a surgeon's knife on the body of Belle Elmore 12 years ago.

Crippen said that Ethel Clare Leneve slept in his home the day following the date of his wife's disappearance.

Addressing the jury Mr. Tobin reviewed the evidence at length, contending that in view of the conflicting testimony of medical experts it was impossible for the jury to find a verdict of guilty.

He said that it was inconceivable that if Crippen murdered his wife and mutilated her body he should invite Miss Leneve to sleep in the house on the following day. Crippen had had only the night of February 1st in which to dissect the body, bury the flesh and get rid of the bones and limbs. He must have known of such a visit as Miss Leneve made.

When Mr. Muir closed the court was adjourned.

MOB SAVED CONDEMNED MAN.

Mountaineers Stormed Virginia Jail and Released Murderer.

Lovingston, Va., Oct. 21.—Aweing the guards of the Nelson county jail into comparative non-resistance, a crowd of 75 armed mountaineers, friends of John Moore, under sentence to be electrocuted at Richmond, Va., on November 25th, for the murder of Frank Howl, in Nelson county last May, descended upon the jail at 1 o'clock this morning, stormed the jail and ecected the rescue of the prisoner.

Precautions had been taken by the determined mob to prevent an alarm being spread. Almost as quietly as they had entered the town, they left it and started back to the mountains. It was not until some hours after the rescue that the news spread and soon several deputy sheriffs were on their way into the mountains to try to rearrest the murderer. It is feared that bloodshed will result from any attempt of the authorities to re-capture the murderer.

Many of the mountaineer friends of the condemned man believed him innocent of the crime.

Lynchburg, Va., Oct. 21.—A $300 reward was today offered by Governor Mann for the apprehension of John Moore, following his delivery by a mob early this morning.

The authorities have ordered a strict investigation to arrive at the personnel of the mob, but the success of this seems improbable, for the mob came from a section of the country where an investigation probably will be dangerous. It is believed here that Moore will not be followed on account of the dangers incident to such a step.

STEAMER MAY BE LOST.

Celtic Princess Overdue—Fears for Her Safety.

Norfolk, Va., Oct. 21.—The British steamer Celtic Princess, due here last Monday, has not been heard from and fears are entertained for her safety.

The Princess left New Orleans for Norfolk to load bunker coal and was to proceed to New York to discharge a mixed cargo.

CASUALITY COMPANY RECOVERS

Library of Congress

Wins Suit Against Virginia-Carolina Chemical Company Involving Premiums of Employes in Two Cases—The Company Loses.

(Special Star Telegram.)

Asheville, N. C., Oct. 21.—In the United States Court today Judge Pritchard handed down a highly important decision in the suit of the United States Casualty Co., against the Virginia-Carolina Chemical Company, holding that the defendants are liable to the plaintiffs for back premiums on insurance policies on a pay roll sum of $600,000 or more.

These policies were those which J. B. Moore & Co., of Richmond, wrote on employes in all factories of the company. The suit was originally brought in the Federal Court at Charleston, and in ten other jurisdictions, all being decided by agreement upon this decision. At the Legislature hearing in Columbia some years ago, it developed that the Chemical Co., did not report all men in its employ to the insurance company and an investigation followed, resulting in suits.

The United States Casualty Co., has an insurance contract with the Chemical Company running from 1898 until March 1903, during which time the insurance company insured the employes of the Chemical Company upon a basis of a certain percentage of the payroll of the company. This was 42 cents on $100 of the payroll.

The point involved in the suit was whether the salaries paid the executive officers of the company, the office employes and others except the laboring men, should be included in the statement of payroll upon which the company was to base the insurance premiums.

Judge Pritchard held that since the executive officers and office employes were included in the policy, and the Casualty Company would have been liable for the insurance under the terms of the policy, then the salary paid these officers should have been included in the statement. An aditing of the company's books shows over $600,000 in salaries on which premiums were unpaid during the five years and he rules that the Casualty Co. could recover back premiums.

YALE AND VANDERBILT TODAY.

Southern Team Meets Strong Eleven at New Haven for Game.

New Haven, Conn., Oct. 21.—The practice of the Yale 'Varsity football eleven today for Saturday's game with Vanderbilt University, consisted of a signal drill lasting three-quarters of an hour during which Meade Robinson, a substitute half-back, fell and wrenched his knee so badly that he will not be able to play the remainder of the season.

After practice the members of the team met the Vanderbilt eleven in the gymnasum and Capt. Daly offered them the use of the field. The Southern team had an hour's signal practice, coming in only when it was too dark to see the ball. The visitors have not been scored upon this season and are confident of winning from Yale tomorrow.

When the Yale team goes on the field tomorrow their line-up will show a change in three positions from that of former years. Stroud will be in at quarter-back in place of Corey; Childs will be at right-guard, taking the place previously filled by Loree, and Van-Sinderin will play right end, a position he will retain until the return of Bomeister to the game. Deming will do the punting and Capt. Daly will attend to the drop kicking when the occasion arises.

WESTERN CAROLINA BANK.

Stockholders May Have to Pay Receiver $50,000—Order Signed.

(Special Star Telegram.)

Asheville, N. C., Oct. 21.—In Superior Court this afternoon Judge Council signed an order confirming the report of Judge H. B. Stevens in the suit of G. H. Smithers, receiver, against the Wester Carolina Bank, Lewis Maddox, et als. This means that unless the Supreme Court upsets the suit, that the stockholders of the old Western Carolina Bank, which went into the hands of receiver in 1897 will have to pay the receiver about $50,000. This sum, it is said, will be sufficient to pay the depositors all that is still due them.

Mary E. Weaver and husband, Jacob F. Weaver, and Lula R. Stepp have filed objection to the confirmation of the sale of the incomplete Smith Estate Hotel to Gay Green for $53,000 upon the grounds that this sum will not pay to Smith estate in full for the money invested. The objections will be heard at the November term.

OPPOSES GUARANTY COMPANY.

Liverpool Cotton Association Against Plan to Settle Dispute.

Liverpool, Oct. 21.—It is understood that the Liverpool Cotton Association is opposed to the establishment of a guarnty company for the guaranteeing of cotton bills of lading as was proposed at the recent conference in New York between American bankers and Sir Edward H. Holden, managing director of the London City and Midland Bank, representing British financial interests.

Since an agreement on the question is impossible without the consent of the Liverpool Cotton Association, it is feared that the settlement of the controversy may be definitely prolonged.

MORGAN AIDS FUND FOR CHURCH UNITY

Financier's Gift of $100,000 Marked Close of Episcopal Convention.

WORLD CONFERENCE PLANNED

Bishop Tuttle's Address Featured the Last Session—Deputies Against Suffragan Bishops—Features Yesterday.

Cincinnati, O., Oct. 21.—A gift of $100,000 to the campaign fund for the World's Conference on Church Unity made by J. P. Morgan served as a fitting climax today at the close of the triennial convention of the Protestant Episcopal church.

Mr. Morgan was named as treasurer of the movement to raise the funds required to bring about what it is hoped will be the greatest world's conference of Christian churches throughout the universe.

Shortly before leaving for the East tonight, Mr. Morgan made the official announcement that he had started the fund with a gift of a tenth of a million dollars.

Final Day of Convention.

As the last echoes of the martial recessional hymn "The Son of God Goes Forth to War," died away in St. Paul's Cathedral today, the 43rd General Convention of the Protestant Episcopal church in the United States of America ended.

As on the opening day of the great religious gathering 17 days ago, the church again recognized its democracy and universality by inviting to take part in the ceremonies of dismissal the bishop of Cape Palmas, Africa, S. D. Ferguson, typifying in his person the spirit of missions that has been the guiding star of the great gathering.

On the opening day the sermon was preached by the most distinguished of England's churchmen, and on the closing day the words of admonition and exhortation came from the lips of the head of the American church, Presiding Bishop David Sylvester Tuttle, of Missouri.

The service in the Cathedral was the simple ritual of the church for the Evening Prayer.

Bishop Tuttle's address was one of praise of Cincinnati and its people and their spirit, and of the convention for its work.

One important piece of business marked the closing hours of the House of Bishops, the deputies refusing to concur with the upper house in giving the new order of suffragan bishops votes in the convention of 1913.

The sentiment of the deputies was overwhelming against the proposal so far as the lay delegates was concerned. Only eight dioceses were recorded in favor of the measure, while 33 were registered against it. The clerical vote resulted in a tie.

The resolution introduced yesterday in protest of the treatment of Jews in Russia was adopted.

It was to the strains of "Publish Glad Tidings" that the session ended.

The joint commission created to call a world conference on Christian faith and order was organized and is preparing to take immediate action. The Rt. Rev. Charles P. Anderson, D. D., Bishop of Chicago, was chosen president; J. Pierpont Morgan, treasurer, and Robert H. Gardiner, of Gardiner, Me., secretary. A committee on place and scope, consisted of the Rev. W. T. Manning, of New York; Bishop Anderson, of Chicago; Bishop Brent, of Philadelphia; Bishop Kinsman, of Delaware, the Rev. P. M. Rhinelander, of Cambridge, Mass.; Francis Lynd Stetson, of New York; and R. H. Gardiner, were appointed with instructions to prepare a statement as to the objects and methods of procedure.

THE ATLANTA HORSE SHOW.

Popular Verdict Yesterday Not in Accord With Judge's Decision.

Atlanta, Ga., Oct. 21.—The popular verdict was not in accordance with the decision of the judges in the gig horse competition at the horse show matinee this afternoon, in which the entries of A. G. Vanderbilt and P. A. Sorg were the principal contenders. One of the features of the programme was some high jumping by Willow King, owned by Allen Potts, of Richmond, Va.

The awards: Class 23, open, five galts—flash light, a stallion, owned by McKenzie and Baker.

Class 41, Southern pairs, heavy harness—John Randolph and Wellington, driven by D. N. McCullough.

Class 52, colts, either sex, Southern—Aurora, owned by John K. Ottley.

Class 18, open, ponies in harness—Teddy, owned by Hugh Richardson.

Class 47, Southern, three gaits—McAltara, owned by John K. Ottley.

Class 56, Southern, fine harness horses, single—Princess Patricia, owned by D. N. McCullough.

Class 9, gig harness, open—Lady Tuck, owned by P. A. Sorg.

High jumpers, Willow King, owned by Mrs. Allen Potts.

Annual bargain sale at Rehder's, Fourth Street Bridge. Starts Monday morning at 9 o'clock. **

POE'S ADMIRERS FINALLY WIN

Statue of Virginia Poet Will be Placed in Hall of Fame—Eleven Others Will be Accorded Same Honor—Announced.

New York, Oct. 21.—Edgar Allen Poe is at last in the Hall of Fame. Years of effort on the part of staunch supporters to get his name added to the list was rewarded today by the announcement of Dr. John H. MacCrackan, chairman of the Senate of New York University, that the author of "Raven", with ten others, had been accorded this honor. The eleven names added are as follows:

Harriett Beecher Stowe, 74 votes; Oliver Wendell Holmes and Edgar Allen Poe, 69 votes each; Roger Williams, 64; James Fenimore Cooper, 62; Phillips Brooks, 60; William Cullen Bryant, 59; Frances E. Willard, 56; Andrew Jackson, George Bancroft 53 votes each; and John Lathrop Motley, 51.

The total number of ballots cast was 97 and the number required for choice was 51. Poe's vote jumped from 42 in 1905 to 69, an increase of 27 votes. An analysis of the vote shows that of this 69 votes, 21 were cast by college presidents, 17 by professors of history and scientists, 18 by publicists, editors and authors, and 13 by jurists. Contrary to the general impression, the memory of the melancholy poet is as famous in the West as in the South, according to the vote. Since the last election, his fame increased more among college presidents than among any of the other groups.

As a result of today's election, the author's corner doubles its population and goes far ahead of the statesmen in number. Eleven bronze tablets for the names chosen will be designed with an appropriate quotation from the words of each, and the formal unveiling will take place in October, 1911, in the Hall of Fame, at New York University.

The vote of 74 for Harriett Beecher Stowe is noteworthy as no one received such a majority in the election in 1905 except Louis Agassiz; and in the first election the number was surpassed by only 14 names, including Washington, Lincoln, Grant and Emerson.

One of the most interesting results is, whereas the historian Motley gained four votes over the election of five years ago, the historian Parkman lost two votes. Phillips Brooks gained 11 votes, jumping from 49 to 60. Oliver Wendell Holmes jumped from 49 to 69, an increase of 20 votes, his competitors, Lowell and Whittier, having been removed by election.

In voting for women the names caosen are those of women who were not eligible at the last election, not having been dead ten years at that time. Of those who were voted for in the last election, but still lack the necessary votes, Charlotte Saunders Cushman shows a gain of from 39 to 45 votes; Martha Washington from 32 to 43, and Lucretia Mott from 33 to 41.

Those failing of election ten votes or less were: Francis Parkman, Charlotte Saunders Cushman, Mark Hopkins 45 each; Patrick Henry 44; Martha Washington 43; Daniel Boone, 42; Samuel Adams and Lucretia Mott 41 each.

HIGHTOWER FOR RECEIVER.

Corporation Commission May Name Him for Hope Mills Bank.

(Special Star Telegram.)

Raleigh, N. C., Oct. 21.—Corporation Commission is taking steps to have J. H. Hightower appointed receiver of the bank of Hope Mills to take the place of J. O. Ellington, who couldn't serve. Hightower is the assistant cashier of the Fourth National Bank, of Fayetteville, of which Ellington is vice president and cashier.

Santa Fe, N. M., Oct. 21.—The committee on boundary of the New Mexico Constitution Convention today decided to report that the 103rd meridian is the true historical boundary between New Mexico and Texas. This would give New Mexico 200 square miles, now a part of Texas.

OUTLINES.

Dr. Hawley H. Crippen was on the stand again yesterday in the London court and clung to his original story of his wife's disappearance from his home. The defense rested the case.——J. Pierpont Morgan yesterday contributed $100,000 to the fund for a World's Conference on church Unity at the close of the Episcopal convention in Cincinnati.——The naval board investigating the disaster in which 30 sailors were drowned in the Hudson river, yesterday reported the findings to the Department.——Unless some news is received from the missing balloons that started in the race from St. Louis last Saturday, a relief party will be sent out Sunday to search for them——Col. Roosevelt spoke in Boston last night and received an enthusiastic welcome. He declared it would be a calamity if Senator Lodge failed of re-election——The Panama libel suit was called in the Supreme Court yesterday.——New York markets: Money on call steady 3 to 3 1-4 per cent., ruling rate 3 1-4, closing bid and offered at 3. Spot cotton closed quiet and unchanged, middling uplands 14.45, middling gulf 14.70. Flour active and steady. Wheat easy, No. 2 red 99 elevator and 99 1-4 afloat. Corn spot easy, No. 2, 57 1-4 elevator, domestic basis to arrive and 56 3-4 f.o.b. afloat. Oats steady, standard white 36 3-4. Turpentine steady.

LAUNCH DISASTER NOW MADE PLAIN

Naval Board Reports On Accident in Which Thirty Sailors Perished

THE MEN DISOBEYED ORDERS

Board Says "Remarkable Combination of Circumstances" Caused Fatility—Panic Ensued When Water Entered Boat.

Washington, Oct. 21.—A remarkable combination of circumstances, no one of which taken singularly, was responsible, caused the swamping of the sailing launch of the battleship New Hampshire in New York harbor on the night of September 30th, and the consequent loss of more than 30 lives. Thus the Naval Board of Industry, which investigated the disaster and its causes sums up its conclusions in its report to the Navy Department, made public today.

Had the men aboard the launch obeyed an order to sit down in the boat, "the board believes the accident would not have occurred. However, there were contributing causes. "It seems to the board that all extraordinary circumstances must have conspired fatally to transform an ordinary routine matter into a calamity," says the report.

The board found that the launch was deeply loaded, although not more so than for "abandoned ship." She was towed across a strong tide in a sea generally confused, and rendered more so by wind and the swell of at least one steam yacht. A number of men were standing thwarts, and though they were ordered to sit down, only a few of them obeyed. Some sprey came aboard and some of the men attempted to move aft to escape a drenching.

The towing launches have been making too great speed although the board said it lost a valuable witness in the death of the bow man of the sailing launch, who alone knew what was happening. This man was calling for a knife to cut the tow line when water in quantity began coming aboard.

"Nevertheless, the board believes that up to this point there was no danger," continues the report. "And that if all hands had stuck to the boat especially had they sat down, she would not have swamped.

The disaster was precipitated by some of the men mounting the gunwale, due to small size panic caused by a few jumping overboard when water began to enter the boat. Darkness also contributed its share to the disaster, concealing from the towing steamer the plight of the launch.

Acting Secretary of the Navy Nichols has approved the report.

INTERNATIONAL AERO EVENT.

Begins at Belmont Park, New York, Today—The Contestants.

New York, Oct. 21.—Three machines of different types, manned by aviators of two competing nationalities, took the air at the same time late this afternoon in practice for the international aviation meet, which opens at 1:30 o'clock tomorrow at Belmont Park race track, under the auspices of the Federation Aeronautique-Internationale, represented in this country by the Aero Club of America.

They were Archie Hoxsey in a new model Wright bi-plane, without front control; James Radley (Great Britain) in a 50 horse-power Bleriot monoplane, and Claude Grahame-White (Great Britain), in a Farman biplane.

Other aviators, who also made short trial flights were Ralph Johnstone, of the Wright team, and Anthony J. Drexel, the American who at one time held the altitude record, in a Bleriot.

The most important event of the meet—the event that brought it to his country—will be the 100 kilometer race for Gorden-Bennett International Aviation Cup, which carries with it a cash prize of $5,000. The cup was won for the first time by Glenn H. Curtiss, at Rheims, France, on August 28, 1909. The distance then was only 20 kilometers and Curtiss' time was 15 minutes 5 3-5 seconds.

The two other most coveted prizes are those offered by Thomas Fortune Ryan for a flight from the aviation field to and around the Statue of Liberty in New York harbor and return ($10,000) and by the Aero Club of America ($5,000) for an altitude of 10,000 feet or better which will be added to the regular prize of $1,000 for a new world's altitude record. The present altitude record is 9,186, made at Mourmelon, France, by Henry Wynmalen. He does not compete in the meet here.

In all $72,300 is offered in cash prizes, and the aviators will share, according to rank, 70 per cent. of the first $100,000 profits and 40 per cent. of every $100,000 or fraction thereof additional.

The twenty hangers in which the 27 aviators will compete for America, France and England, are to house their machines were nearly filled tonight. All aeroplanes entered are now in this country, but some have not been carried out to Belmont Park.

PANAMA LIBEL CASE UP AGAIN

Called Yesterday in United States Supreme Court—Case in Which Roosevelt Figured—Argument Set for Monday.

Washington, Oct. 21.—When the so-called "Panama libel suit" of the United States against the Press Publishing Company, of New York, was called for argument today in the Supreme Court of the United States, the attorneys concerned obtained a postponement until Monday. The case was not reached until so late in the afternoon that the argument could not have been completed today had the attorneys proceeded. The present plan of the court is to hear the case after the rendering of opinions on Monday.

The case is that in which former President Roosevelt ordered the Department of Justice to proceed against the publishers of The New York World because of the publications of stories to the effect that there had been favoritism in the purchase of the Panama canal property by which capitalists, including Charles P. Taft, brother the President, Douglas Robinson, brother-in-law of former President Roosevelt and others were charged with having reaped great financial benefit.

Because of the fact that the World circulated upon the Government Reservation at West Point in libel proceedings were brought in the Federal courts, and on the legality of this action depended the chief contentions of the defendant's counsel.

The Government's brief in the case was argued by Attorney General Wickersham, James C. Reynolds and Stuart McNamara. The brief argued in support of the government's position that the indictment against the Press Publishing Company should not have been quashed.

The substantial question which the Government claims before the court, was set out in the brief as being whether or not the United States courts have jurisdiction to punish a corporation, which printed in the city of New York a newspaper containing a libel criminal under the laws of the State of New York and circulated copies of the same within the Federal territory of West Point. The Government's claim is based on an act of Congress of 1898, which the Government urges "operates to the transfer the State law to Federal territory for the purpose of punishing acts committed there which if performed outside and in the jurisdiction of the State would be amendable to its laws."

A brief for the Press Publishing Co., was filed by Delancey Nicoll, of New York, and associate counsel. This brief contended that even though the language of the Act of 1898 was literally broad enough to cover the case, it should not be so construed for several reasons. The first of these was that the "general acquiescence" of legal minds for nearly a century in the negative of the proposition forbids the construction, now for the first time asserted by the Government. It was also contended that "no one has ever claimed till now that the courts of the United States have jurisdiction to punish a libel first printed, published and circulated in one of the States and which, in the course of a general circulation, has happened to penetrate into these Federal reservations."

Another reason advanced against the governments construction was that 'the whole history and life of the country is utterly at variance with any such construction." The necessary result of such a construction, it was contended, would be to confer upon the national authority a general control over the press of the country.

BELATED STEAMERS ARRIVED.

Battled With Tropical Storm Off Florida Coast.

New York, Oct. 21.—Three belated steamers straggled into port today, showing the effects of their battles with the tropical hurricane that recently tore through Southern waters. All had tales to relate of their thrilling experiences.

The Southern Pacific steamer Creole arrived this morning from New Orleans 26 hours behind her schedule, reporting that on Monday last she was "hove to" for 24 hours and that on Tuesday, while passing through the Florida Straits, she had passed a wrecked sailing vessel and two steamships ashore.

The Brazos, of the Mallory Line, came into the harbor three days late with windows smashed and deck rails bent and twisted by the force of the storm. Cabins and saloons were water soaked and the wireless apparatus was disabled.

The Comus, of the Southern Pacific Line, which left New Orleans October 12th, was four days late when she reached here today. One other vessel, the Ogeechee, a small freighter of the Texas Steamship Company Line, was due at this port yesterday, but has not yet been reported.

AUTO ACCIDENT FATAL.

Car Turned Turtle and Rolled Down Embankment—Two Dead.

St. Mary's, Pa., Oct. 21.—Two persons were instantly killed and three others near Glen Hazel this afternoon, when an automobile became disabled by the bursting of a tire, turned turtle and rolled down a 20-foot embankment. The dead are Mrs. J. E. Jackson and her five-year-old son, of St. Mary's. Mrs. Jackson and her son were crushed beneath the heavy machine as it rolled down the steep bank.

FEAR AERONAUTS HAVE BEEN LOST

Expeditions to Search for Pilots and Aids of Three Missing Balloons.

RACE BEGUN LAST SATURDAY

Believed That Men Have Landed Somewhere in Wilds of Canada.—Cutter Will Patrol Lakes.—Grave Fears for Their Safety.

St Louis, Mo., October 21.—Relief expeditions to search for the pilots and aids of the three missing balloons Azuren, Dusseldorf II., and America II., which started in the internation race here Monday, and who apparently have been lost, will be started from Toronto, Ont., Sunday, if no news is received from them before that time. This announcement was made tonight by officials of the Aero Club, of St. Louis.

The situation in reference to the unreported balloons assumed a serious aspect tonight. It is believed that the men have landed somewhere in the wilds of Canada, where they may be the victims of starvation before succor can reach them.

The Aero Club tonight called upon General Fred Allen, chief of the United States Signal Corps, at Washington, D. C., to have the revenue cutters patroling the Great Lakes to look for wreckage in Lake Huron. Steamship companies which have vessels plying Lake Huron and Georgian bay, have been requested to join in the search.

The Ontario government, through its Lieutenant-Governor, J. M. Gibson, tonight advised the club that its services would be lent in the search for the missing men. The Hudson Bay Company also has replied favorably to the request sent out today.

It was announced tonight that a representative of the Aero Club would be sent to Toronto to organize the relief expeditions.

All of the balloons should have been down and reported by Wednesday night, according to the Aero Club officers and the fact that more than a hundred hours have elapsed since the start of the race and three pilots have not reported, has given rise to grave apprehension for their safety.

It was pointed out that the greatest danger is anticipated in the case of a balloon having descended in Georgian Bay.

This stretch of water contains more than 30,000 islands of all sizes, where the aeronauts might perish before relief could arrive.

Believe They Have Won.

Cobalt, Ont., October 21.—Colonel Theodore Schaeck, and Paul Ambruster, who landed with the balloon Helvetia at Ville Marlev, Que., arrived here en route to Montreal, satisfied that they have out distanced all competitors by several hundred miles.

"We were 46 hours out when we landed," said Schaeck. "We could have gone further, but it was the only settlement we could see for a long stretch of country and we decided to alight."

The aeronauts reported that several persons had fired at the balloon during the trip.

ACCIDENT TO COUNTESS.

Explained by Father of Irma de Beaufort Yesterday.

Chicago, October 21.—M. H. Kilgallen, wealthy real estate man, tonight issued a statement regarding the injury Thursday, at his residence, of his daughter, Contess Irma de Beaufort, who is at St. Luke's hospital, suffering with a compound fracture of her left wrist, a broken knee cap and other injuries.

"There is nothing mysterious about the accident," said Mr. Kilgallen. "My daughter was hurt Thursday afternoon at my home. She was on the third floor, and was going down to the second floor, when, as she stepped on a small rug, on a landing between the floors, the rug slipped and in trying to regain her footing, she fell over a small railing down to the first floor hall. My wife saw the accident as also did the Countess' husband. They, however, were not near enough to save her. It was a miracle that my daughter was not more dangerously hurt.

SEVERE FROSTS IN TEXAS.

Damage to Cotton Crop Indicated.—Is Below Zero.

Dallas, Texas, Oct. 21.—Reports today from widely scattered points in Texas show frosts ranging in severity from light to very heavy. About half of these localities are in cotton counties in some of which damage to the growing crop is indicated. Many localities in extreme western and northwestern Texas, report snow with freezing temperatures. Comache, Texas, reports the lowest drop, 12 above zero.

Washington, October 21.—A report by Commissioner of Corporations Herbert Knox Smith, soon to be presented to President Taft, will largely govern the administration in determining whether it will prosecute the United State Steel Corporation on charges of violation of the Sherman anti-trust law. Investigation of the affairs of the corporation has been long underway, and the examination of its books and decuments virtually has been completed.

IS STILL TIME FOR BEST WORK

Determination and Energy Should be Watchwords For Every Worker in Popularity Contest.

There is still time for a determined young woman or young man to enter the contest now being conducted by the Star and win, as a number of days remain in which to gather subscriptions and make renewals and secure the five-vote coupons.

Next week will be the closing of the last extra offer, and any contestant who desires to secure information blanks, literature or receipt books to further their candidacy, or if there is any assistance whatever that the contest manager can render at any time he may be called upon to do so.

Next week is the time to make subscriptions count for three times the regular number of votes. Secure $18 in new subscriptions and besides the regular number of votes, you will receive 18,000 extra votes which will assist each and every contestant at the final count.

The last extra vote offer of the contest closes one week from tonight, and just eight days after that time which will be the 7th of November, the entire contest will close.

Two weeks after next Monday and the contest will be over. Never before has any newspaper in the city of Wilmington offered to its readers such handsome prizes entirely free.

These prizes do not cost the contestants one cent. They are being given away entirely free to the favorites whom their readers elect to be the winners. Every person who subscribes for the Morning Star, or any one renewing their subscriptions is entitled to votes on that subscription, and they may cast them for any young man or woman they desire. At the close of the contest the 28 young women who stand highest, and the six young men who stand highest, will be winners.

Young Woman's Contest.

Contest No. 1 is for young women, married or single, and has been divided into six districts so that all of the contestants will not be working against each other.

In this contest the Star is offering four Grand Prizes, and 24 district prizes, consisting of $500.00 in cash, a handsome upright piano, two trips to Cuba, with all expenses, a Shetland Pony, Harness and Trap, six Handsome Diamond Rings, Six Turkish Rockers, Six Gold Watches and Six $25.00 Bank Accounts.

The young woman, city or country, who has the largest number of votes to her credit at the close of the contest will be awarded the $500.00 in cash. The second highest will be awarded the Piano. Third highest will receive the Trips to Cuba, selecting her own companion to accompany her, and the fourth highest will receive a Shetland Pony and complete outfit.

Should the second highest contestant, however, prefer the trips or the Pony to her Piano, she would be allowed the privilege of choosing her prize, as the largest numbers of votes of course, have first choice of the prizes.

Twenty-four District Prizes.

After the Four Grand Prizes have been awarded there will be 24 district prizes divided evenly among the six districts making four prizes sure to go to each of the six districts into which this contest has been divided.

A coupon good for five votes appears daily in the Morning Star, and of these a young woman may gather as many as she possibly can daily, and have her friends gather them for her, and if she sends them into the office before the date at the bottom has expired, they will each one count for five votes to her credit.

The nomination blanks which also appear daily, are to be used for nominating only, and only one will be credited to each contestant. These nominating blanks count for 2,000 votes, and enable the young woman to make a good start when she first enters the contest.

How Votes Are Secured.

Contestants and their friends may gather as many of the ten vote daily ballots as they can possibly secure, each one placing the candidate's names just that much nearer the Grand Prizes.

Another way to secure votes is to gather subscriptions to the Morning Star. Votes will be allowed on new subscriptions, on arrearges, and also on renewal of subscriptions.

Year's Subscription 3,000 Votes.

A year's subscription to the Morning Star is $6.00 and on that subscription 3,000 votes will be given on a new subscriber. The schedule on four months and six months subscriptions is also fully outlined in today's announcement. A full list of premiums, the schedule of votes, the distribution of the prizes, in fact every detail pertaining to the contest is fully explained in the full page announcement today.

Now is the time to enter the contest, for an early start is half the battle. Send in your name or that of your friend at once to the Contest Manager of the Morning Star, and get the contest fully explained, and the winning will be easy.

Who May Enter Contest.

Any young woman, married or single, residing in Wilmington or the States of North or South Carolina, is eligible to compete in this contest. A young woman does not have to be a subscriber to the paper in order to enter. All that is necessary is to send in the name and address, and assurance that the person entering is in good standing.

No relative or anyone connected with the Star office will be allowed as a contestant.

Contest No. 2—For Boys.

The Star has also put on a contest affording the hustling boys of its territory a chance to put in their spare time during the next few weeks before school opens to win a handsome prize for their efforts.

A coupon appears daily for the boys' contest, and each one of the votes counts for five, and the young man may secure as many of these as he possibly can get together. His friends may gather them and send them in for him, just so they are sent in before the date at the bottom has expired. They will count to the young man's credit for five votes each.

This contest is entirely separate from the contest for young women which has just been inaugurated, but the same schedule of votes will be used for both contests. That is 3,000 votes on a new yearly subscription, 1,000 votes on a new six months subscription, and 400 votes on a new four months subscription.

There will be three prizes for the young men in the city of Wilmington, and three prizes for young men outside of the city of Wilmington, so in that manner this contest has been divided into two districts. The first prize for each district for the young men will be $50.00 each in cash. The second prize for each of the two districts will be handsome gold watches, and the third prizes for each of the two districts will be smaller watches.

A young man may send in one of the nomination blanks, thereby starting his name in the paper with 2,000 votes, and he may gather as many of the five vote coupons as he can possibly secure. Besides that he may secure subscriptions to the Morning Star, and secure large number of votes on each one brought in.

BIG GAME WAS RAINED OUT.

Unable to Play in Chicago Yesterday —Game Set for Today.

Chicago, Oct. 21.—Wet grounds and a drizzling intermittent rain caused a postponement today of the fourth world's championship game between the Philadelphia Americans and the Chicago Nationals. It will be played here tomorrow.

Albany, N. Y., Oct. 21.—The funeral of David B. Hill will be held Monday at 3 P. M., in St. Peter's church. Rev. Dr. W. W. Battershall will officiate The interment will be at Montour Falls, Schuyler county.

Base Ball

Giants Win Championship.

New York, Oct. 21.—With Christy Mathewson in the box the New York National League team won the 1910 baseball championship of Manhattan today by defeating the American League team 6 to 3, thereby taking four out of seven games. The games stand: Nationals 4 won; Americans 2 won; one game tied.

The Highlanders outbatted their National League rivals in today's game, but played poorly in the field, their errors enabling the Giants to get three tallies.

Doyle's home run in the third inning with two men on the bases, was the feature hit of the game, and of the series. The score:

New York.....003 020 10x—6 8 1
Highlanders .....001 000 200—3 10 4

The total attendance at today's final game between the Highlanders and the Giants at the Polo grounds was 4,439 and the total receipts $3,432. Of this sum the National Commission will receive $343.30 and each club owner $1,544.85. The total receipts for the series were $81,462.50.

COL. ROOSEVELT IN BOSTON.

Says It Would be Calamity if Lodge Was Not Re-elected.

Boston, Mass., Oct. 21.—Declaring that it would be a calamity to the Nation if Senator Lodge should fail of re-election, Theodore Roosevelt spoke here tonight in behalf of the Republican party of Massachusetts. He said that the Senator was a friend of progressive legislation and that there was no difference of opinion as to the basic principle of protection as the Republican party stood solidly on the tariff commission plan as contained in its last National platform.

The colonel made no reference to the Payne-Aldrich bill, confining himself to an endorsement of the tariff plank of the Republican State platform and to the tariff board scheme.

Talking up the Massachusetts situation, Col. Roosevelt assailed Eugene Foss, Democratic candidate for governor.

"It would be a bad thing for the people of this State," he said, "to elect a man who, having tried to dominate one party and having failed, now seeks to dominate another party."

Col. Roosevelt's reception in Boston was an enthusiastic one. He spent the afternoon at the home of Dr. Wm. S. Bigelow, brother-in-law of Senator Lodge. He received tonight one of the most striking demonstrations which he has received since his return from Africa.

Col. Roosevelt spent the night in Boston. He will depart for New Hampshire in the morning, to make campaign speeches at Concord, Manchester and Nashua for Robert P. Bass, Republican candidate for governor.

AN INTERCOSTAL CANAL.

From New Orleans to Brownsville is Proposed.

Beaumont, Texas, October 21.—An intercostal canal, not less than nine feet in depth and with a bottom width of 100 feet or more, to extend from New Orleans, on the Mississippi, to Brownsville, Texas, on the Rio Grande is to be the object especially strived for by the Interstate Inland Waterways League. This was decided at the concluding session today of the league's annual meeting. In furtherance of the project, the society president was instructed to devote his time principally to its accomplishment.

An endeavor is to be made to procure the necessary appropriations at the next legislature, the object being to complete the canal within five years.

Other than this, resolutions were adopted insisting that the National Government appropriate not less than $50,000,000 annually for waterway improvements, through the issuance of federal bonds, if necessary. The plans and work of the National Rivers and Harbors Congress was endorsed and New Orleans was declared the logical point for holding the Panama Canal exposition in 1915.

CHARGED WITH MURDER.

Negro Held as Slayer of Roanoke Conductor.

Roanoke, Va., Oct. 21.—The police this afternoon arrested Pomp Scott, a negro, charged with murdering a Virginian Railway yard conductor, M. M. Spence, who was found dead in a pool of his own blood on the railroad yards here yesterday. Scott confessed the crime to his wife. Bloodstained clothing and a bloody knife were found in his possession. Scott was hurriedly taken in an automobile to Lynchburg.

Lynchburg, Va., Oct. 21.—Pomp Scott, a negro, who was brought here tonight to escape mob violence in Roanoke for the murder yesterday of M. M. Spence, was locked up here tonight after making a confession. He claims to have acted in self-defense.

Lisbon, Oct. 21.—Decrees were published today abolishing the exceptional laws put in force with the advent of the republic, including those concerning anarchists and restraining the newspapers from publishing undesirable news. All the bishops and higher members of the clergy have announced their adhesion to the republic. Soldiers who fought in the revolution have been granted four months leave of absence with full pay.

Kills a Murderer.

A merciless murderer is appendicitis with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills. 25c at Robert R. Bellamy's.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

BREAKS ALL PORT RECORDS

Another Million Dollar Cargo of Cotton Cleared by Messrs. Sprunt & Son—Swedish Steamer Cleared Last Night.

Verily these are days of big things! Wilmington may not score any great things in population statistics, but when it comes to cotton statistics, the port has 'em all beat a city block and is still going some.

Last night the Swedish steamer Fridland, 3,441 tons, Capt. Svensson, cleared at the Custom House with the largest cargo of cotton ever sent afloat from this port, consisting of 17,417 bales, 8,642,724 pounds and of the value of $1,300,800, consigned to Bremen, Germany, by Messrs. Alexander Sprunt & Son. The big tramp steamer, which came here on her maiden trans-Atlantic voyage, will proceed down the river and to sea at an early hour this morning, with the largest cargo ever carried out of the port and a record, perhaps, for any South Atlantic port; certainly for any single firm of exporters.

The record in size of the cargo has heretofore been held by the British steamer Angio Saxon, which cleared in December, 1904, with 17,228 bales, the Fridland eclipsing this by several hundred bales and very largely in value, owing to the prevailing value of the staple upon the shipment of the former cargo.

The Fridland's cargo is one of which Wilmington may well feel proud. It shows that while the need for a diversity of industrial enterprises to attract population and build up the retail interests of the city, that the industries already established here are those of large undertakings and in the firm of Messrs. Alexander Sprunt & Son, Wilmington has exporters of which any port might feel proud.

Los Angeles, Cal., Oct. 21.—Superior Judge Walter Bordwell today ordered the impaneling next Tuesday of a special grand jury to investigate the dynamiting of the Los Angeles Times building in which 22 men were killed.

GUILTY OF HORRIBLE CRIME.

Killed Woman Whom He Duped Into Marrying Him for Her Money.

Riverhead, L. I., Oct. 21.—Frederick Gebhardt, of Astoria, L. I., was today found guilty of the murder in April, last year, of Anna Luther, a young woman, whom he had duped into marrying him to get her money. Having lured Miss Luther to the woods, near Islip, Gebhardt told her that he was a married man with a family. The girl hugged and kissed him and implored him not to desert her, but Gebhardt whipped out a revolver and while the girl's arms were still about his neck and her lips pressed to his, shot her dead and left the body where it had fallen. The crime was not unearthed for some time.

After the shooting Gebhardt returned to his wife and family in Astoria. He was arrested there late last October and broke down and confessed to the police.

AFFAIRS AT STATE CAPITAL

Mr. Ellington Unable to Serve as Receiver of Hope Mills Bank—Several Charters Issued—State Fair.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 21.—The Corporation Commission was notified this morning by Vice President J. O. Ellington, of the Fourth National Bank, of Fayetteville, that he finds he cannot take up the duties of the receivership for the Bank of Hope Mills to which he was appointed at the request of the Commission by a Superior Court judge a few days ago when the Hope Mills bank was closed by order of the Commission.

Since receiving the appointment Mr. Ellington has developed a case of appendicitis and finds that he will have to go into a hospital for an operation. The Commission will procure the appointment of another receiver at once. State Bank Examiner Doughton is still in charge of the affairs of the bank which has its capital stock of $5,000 completely depleted by bad loans according to the finding of the Bank Examiner.

The directors of the North Carolina Soldiers' Home have induced State Auditor B. F. Dixon, who is serving by appointment of the Governor until January, instead of his late father, to perform the duties of the secretaryship of the board during the term of his office instead of Col. Wood, of Randolph, taking up the secretaryship before he comes into the office of State auditor.

The United Motor Co., Charlotte, a New Jersey corporation, chartered last September, files domestication papers with the Secretary of State naming Charlotte as the principal North Carolina office, the business being the manufacture and sale of automobiles and automobile supplies, J. H. Ross is secretary.

Charters are issued to the Pitt County Publishing Co., Greenville, capital $10,000 by J. F. Stokes and others to publish newspapers, and the National Lumber Co., Concord, capital $100,000 by George S. Klutz and others.

It is estimated that there were at least 40,000 people here for the State Fair Thursday—always the big day of fair week—and that the crowd was fully 20,000 for Friday, thus assuring the financial as well as the artistic and commercial success of the fair which is coming more and more to be a great State exposition—the ultimate ideal of the management. The one detracting feature has been that of local transportation to and from the fair grounds, the street car service having been completely overwhelmed especially on Thursday, due, it is said, largely to the lack of a short connecting link to give continuous double track from the State house to the fair grounds.

ARRANGING FOR SYNOD.

Gathers Next Week at Rocky Mount. Many Are Expected.

(Special Star Correspondence.)

Rocky Mount, N. C., Oct. 21.—Preparations for the entertainment of 300 persons expected to be in attendance at the Presbyterian Synod in this city next week have been perfected by the homes committee from the First Presbyterian church. No pains have been spared by the committee for the making of the stay of the Presbyterian ministers and their friends as pleasant as possible and all indications point to the three days' session beginning Tuesday, with the morning session, as one of the most successful in the history of the Synod. The homes of the city have been thrown open for the entertainment of the guests and there have been more homes secured than will be necessary and many have consented to care for more than the number given them.

Ministers from all over the entire State are expected and will be in attendance while among other prominent Presbyterians who have signified their intention of attending are: Mr. George W. Watts, of Durham; President Henry Louis Smith, of Davidson College, and President G. C. Vardell, of the Presbyterian College. Many others are expected. The opening session of Synod will be on Tuesday morning at 10 o'clock.

ALDRICH IN ACCIDENT.

Knocked Down by Madison Avenue Car in New York.

New York, October 21.—United States Senator Nelson W. Aldrich, of Rhode Island, has quite recovered today from the slight bruises received late last night when he was knocked down by a Madison Avenue car at 69th street. Early reports had it that Senator Aldrich was in an automobile accident and had been severly hurt.

Senator Aldrich was crossing the street when the car struck him a glancing blow, knocking him down. The Senator, unassisted, rose to his feet, and disregarding a few slight bruises, walked to the home of his son, Wintnrop Aldrich, on Park avenue.

Senator Aldrich said he was as well as ever this morning.

WOMAN'S BRANCH.

Ladies of Farmers' Union in Anson Arranging Meeting.

Special Star Correspondence.)

Wadesboro, Oct. 21.—The Woman's Branch, of the Farmers' Union, is arranging for their annual institute. The Retail Merchants' Association has appointed a committee to confer with the members in regard to premiums to be offered at the meeting to be held in December, consisting of Lester D. Rivers, R. Lee Bowman, W. Henry Liles and Will N. Jeans. As usual the members of the Association will offer substantial premiums and do their part to make the Institute a continued success.

Paris, Oct. 21.—A bomb similar to those used during the recent railroad strike, was thrown tonight on the balcony of a house in the Quai d'Orsay, in which a high official of the Western Railroad has an apartment. The missle exploded, but no one was hurt, and only slight damage was done the building.

MURDERER SURRENDERED.

Lester Rushing Slain Near Wadesboro.—Coroner's Inquest.

Wadesboro, Oct. 22.—Last Monday night the news came to Wadesboro of the murder of Lester Rushing and the report stated that the murderer, Jessie Price, had left the county. Yesterday, Justice of the Peace F. H. Morgan came to Wadesboro and filed with the clerk of the Superior Court his reports of the inquest and also the preliminary hearing. The officials were surprised to learn that Price surrendered to Justice Morgan Monday night, but the fact was not reported to the sheriff, or to Coroner Fenton. After the hearing Price was released on bond in the sum of $1,250, and has never been delivered to the sheriff.

The killing took place in White Store township, 20 miles from Wadesboro and telephonic communication has been impossible this week because of a broken wire.

Thomas Rushing, a brother of the dead man, testified at the hearing. He states that his brother, Lester, went to Monroe Sunday, returning Monday evening to his home. While in Monroe he purcnased a Winchester rifle, which he left at the home when he went to the barn to put up the mule. Thomas Rushing went to the barn with his brother, Lester, and he states that as they left the barn he saw Jessie Price and his brother Robert in the lot only 20 steps away. Jessie Price began shooting at him and his brother Lester. Lester was hit with the first shot and fell, and Thomas Rushing was shot five times and then ran to Lester's house after a gun. He returned and fired once at Jessie Price. Then he helped to carry Lester home. Lester had a pistol in his pocket. He says that neither Lester nor himself fired a single shot until after both had been shot by Price. Lester died in three hours.

Other testimony at the inquest was to the effect that Jessie Price borrowed a Winchester rifle from a neighbor on the 12th of October. That the Rushing brothers came to feed the mule but after some words, a pitched battle was engaged in, Eastern Rushing firing the first shots. Jesse Price is reported as saying that when Lester Rushing began firing at him, he returned the fire, but did not intend to hit him. That he did not want to harm him and didn't know that he had hit him until he fell. From the testimony, it seems that both sides were apparently looking for trouble and had prepared for it. The Rushing and Price brothers were together when the trouble began. Mrs. Price, wife of Jessie, says that she left about the time it began and tried to get some one to go back and stop it.

Evidence was heard on both sides by Justice Morgan, acting as coroner and Price gave bond. The other brother, Robert Price, was not arrested. Jessie Price is now at Marshville with relatives, stating before leaving that he was afraid to remain in the neighborhood. All parties are white men, who have hitherto borne good reputations.

"NEW NATIONALISM."

What Prof. Woodrow Wilson Says of New Policy

Newark, Oct. 21.—Woodrow Wilson, Democratic candidate for Governor of New Jersey, speaking of Col. Roosevelt's "new nationalism" at Flemmington said: "The 'new nationalism' means something; I don't know exactly what; it has been defined so often and in so many varying ways; but it seems to me that it means, at heart, that there are m ny things to be reformed and which must be reformed, which the State either can't reform or do not, and which the Federal government therefore feels bound to reform."

Mr. Wilson went on to say that the States had been negligent and this negligence seemed to him to be due to the general focus on national affairs; State affairs were overlooked. He urged that citizens ought to get "concerned and concentrated on State affairs so that the States would wake up to their opportunities and obligations."

SELL MARK TWAIN'S BOOKS.

Daughter Decides to Retain Only A Few of the Treasures.

New York, Oct. 21—Literary treasueres of the late Samuel L. Clemens (Mark Twain), are to be sold at auction in this city and among them will be many manuscripts and documents, the contents of which have been published.

Mr. Clemens' "Stormfields," near Redding, Conn., is to be sold and his daughter, Mrs. Ossip Gabrilowitch, has decided to sell the bulk of the library, retaining only such books as have intimate family associations and signed volumes from living authors, which were presented to her father.

CLAIMS DOG ABSCONDED.

Nice Little Question for the Courts of Atlanta to Decide.

Atlanta, Oct. 21.—Can a dog abscond? Is so, is the person liable who gives refuge to the absconding dog? These questions are up for decision before the Fulton superior court and are clustered around Bess, a big St. Bernard.

Will Faith, dissatisfied with the justice court verdict, appealed the case, declarin gthe dog "took up" at his house, where Bess has lived these two years.

Mrs. Lee Dannes, "former owner" of Bess, values the dog at $75. When Faith's bond was assessed at $100 Mrs. Dannes wanted it made larger.

MISSIONARY MEETING.

In Progress at Wadesboro—The Charlotte Conference.

Wadesboro, Oct. 23.—A most interesting series of services at the Methodist Church closed last night. It was the occasion of the joint meeting of the Woman's Home and Foreign Missionary Societies of the Methodist Churches of the Charlotte Conference. Mrs. W. W. Hagood, secretary of the foreign work presided Thursday and Mrs. M. C. Sims, secretary of the home work on Friday. A very interesting programme had been arranged. The ladies of Wadesboro gave a reception to the visiting delegates Wednesday evenin at the residence of Mrs. U. B. Blalock. Thursday evening Mrs. Elizabeth Preston Allan of Charlotte, addressed the young people. Mrs. Allan was the representative from the Southern Presbyterian Church to the recent conference in Edinburgh, and she holds the championship in the Young Woman's Christian Association work of the territorial committee of the Carolinas and Virginia. The secretaries were most fortunate in securing Mrs. Allan. Being naturally a most gifted woman as speaker and writer, and considering her experience and knowledge of Christian work, especially among young people, she was very happily received by a large and appreciative audience. In addition to other visitors were Mesdames Hagood and Sims, were Mrs K. H. Boyer, Mrs. C. V. Palmer, Mrs. W. H. McCabe, Mrs. E. B. Reid, Miss Irma Laird, Mrs. F. F. Creswell, Mrs. W. I. Goode, Mrs. L. A. Falls, Mrs. L. G. Cruise, Mrs. B. D. Heath, Mrs. G. G. Ray, Mrs. W. S. Stewart, of Charlotte.

DEWEY'S COLLIER SOLD.

Steamer Zafira is Bought by the Government of Mexico.

Seattle, Oct. 21.—Admiral Dewey's old steamer Zafiro, which carried the coal supply for the American fleet at the battle of Manila Bay, has been sold to the Mexican government, a bill of sale made out to Mexican officials having been deposited in Escrow yesterday by the collier's owner, J. W. Zeeve, of Seattle.

The purchase price has not been given out, but it is believed to be comparatively small.

$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldnt it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K-1251 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

Turn a Draught to Good Account

Often in winter you dare not open a window, even though the room be warm, because the cold air makes a draught that is dangerous. With a Perfection Oil Heater there need be no danger from draughts.

Open the lower part of the window a little, put the Perfection Oil Heater in front of it, and the cold draught will be turned into a pleasant, healthful current of fresh air. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

gives just as much heat as you desire. It is safe, odorless and smokeless. Has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove to clean and drop back. Burner body or gallery cannot become wedged, because of a new device therefor; it can be easily and quickly unscrewed for rewicking.

An indicator shows the amount of oil in the font. Has a cool handle. Filler-cap is put in place like a cork in a bottle, and is attached to the font by a chain. Finished in japan or nickel, strong and durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

Standard Oil Company

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 60 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, October 22, 1910.

I wish I were able to go from the East to the Tennessee line and tell this message to all the people. I have not long to live. I have children and grandchildren; but I say to you that no stroke of this right hand shall aid in putting the Republican party over these children and grandchildren. I say it because I have tried it in the past and, having tried it in the past and having found nothing but ruin and disgrace, I cannot help but fight it now.—C. B. Watson.

It is reported that a schooner laden with the "self-government" plank of the Morehead-Butler Republican party has been driven on the rocks by the storm of public condemnation. The tug Duplicity went to its rescue but her hawser parted right where it had been spliced by Morehead and Butler! Tricky politicians can set snares but oftentimes shallow wits get caught themselves.

When Jarvis, Stedman, Watson, Aycock, Kitchin, Glenn, Simmons, Overman and a host of others who love North Carolina more than they do political triumphs, sound the trumpet, all loyal North Carolinians must know that this is no time to break ranks. There is no risk in following the lead of such men for it is in the opposite direction to "fusion," confusion and repudiated bond raids on the North Carolina treasury. North Carolina will never come to grief if her true sons stand by her when she needs them.

Protective tariffs shut out foreign competition and leave American trade to be competed for by home industries. Instead of competing for the home trade, the home industries have eliminated home competition by organizing combinations and Trusts. The combinations and Trusts dictate the price of raw material they buy and fix the price of the products they sell. Republican tariffs, therefore, eliminate both foreign and home competition, and all people who buy a dollar's worth of anything participate in getting it in the neck.

The Hon. Tom Settle's oratorical gasconade was exploded when it came into contact with the dynamics of ex-Governor R. B. Glenn, at Hillsboro, on Wednesday. These political gladiators met in joint debate, and those who know how the ex-Governor goes loaded can imagine what happened to the Republican spellbinder. Whatever it was, it was a plenty when Glenn badgered Settle into the declaration that he (Settle) "would not, under any circumstances, have been guilty of such conduct as that of Butler in the South Dakota bond matter." It is barely possible that Butler can't even endorse himself in the light of this condemnation by friend and foe.

Our excellent contemporary, the Raleigh Evening Times, is so popular that the Star's copy generally disappears before it reaches this portion of the shop, but we see the Times now and then and that enables us to say that Raleigh's superior afternoon paper keeps right up with the procession in news and enterprise. The "home coming edition" at the opening of the State Fair was a thorough and admirable piece of newspaper work. It was a magnificent example of publicity for Raleigh, as it contained numerous articles emphasizing its past history and achievements and present possibilities and prospects. It was indeed a meritorious edition of the Evening Times and its value to Raleigh and North Carolina can hardly be measured.

IT PAYS TO GET SCARED.

It pays to get "scared" sometimes, for it has a tendency to learn us the lesson of precaution. It always pays to be cautious and not take things for granted, and so far as the weight of influence exercised by Marion Butler in this campaign is concerned we are not prepared to say we are "scared" about it, but sad experience in the past warrants us in saying that Mary Ann will bear watching. The Durham Sun chuckles over the widespread purpose of Democratic newspapers to raise the Butler alarm and that esteemed contemporary remarks that "it must be the least bit consoling to Mr. Butler to see the scare he has given the Democrats."

We doubt whether it can be called a "scare", but the Populist ex-Senator's re-appearance in North Carolina politics certainly made him an issue and the Democrats have so accepted it. We rather think the Republicans are sorry that it is so, for surely it is a good card for the North Carolina Democracy. However, Butler's ability, unscrupulous and ability is not to be discounted. It must be remembered what he did for the State from 1902 to 1908, and so it is not necessary to be caught napping a second time. Butler and Morehead evidently are backed by considerable money in this campaign and it is quite apparent that the Republicans are making a desperate effort to carry the State. They are being assisted by the National Committee with both funds and speakers from abroad, and as they came at the Democracy for a fight, the Democrats have considered that Butler was a good cudgel with which to crack Republicanism over the head. His record is an open book and no party could afford not to teach lessons from it to the voters of North Carolina.

It seems, also, another scare is on, and it is well for Democrats to take notice of it. For instance, the Charlotte Chronicle says:

It seems alos, another scare is on, Democrats of the State that the next Legislature is in some danger. For a month past the Republicans have been boasting that they will carry the Legislature though it was only within the past few days that any attention was paid to this boast. Senator Simmons is doing well to bring the Legislature and the Supreme Court to the front. This is a time for eyes to be open."

Of course, Morehead and Butler, backed by President Taft and the National Committee, are not conducting this campaign for fun. We have taken it from the start that they meant business, and that they not only would attempt to elect what State officers are to be chosen this time, but that their special aim would be to elect a majority of the Legislature. The legislative scare is nothing new to us, for all along we have known that the main effort of the Republicans would be to carry the Legislature, for that is of more importance than the election of a few State officers to be chosen in this "off year." Of course, Morehead and Butler are after the Legislature and this additional paragraph from the Chronicle brings it closer home:

"The Brunswick county Republicans held a convention at Southport this week, and ppt out a full ticket. There was a barbecue and the women and children were out in force. It was the largest political meeting ever held in Southport. News of this sort comes from different parts of the State. It ought to be sufficient to wake up the Democrats."

The Republicans are not only making a bold, aggressive canvass of the State, but they are spending money from somewhere. The Greensboro Record, published in the city which the Republicans have made their State headquarters, remarked a few days ago: "When a Republican whispers it around that his party in this district is short of funds don't believe it." The Charlotte Evening Chronicle adds: "The fact is that the Republicans in North Carolina have all the money they want. We doubt if this State was ever given a larger campaign fund. This talk about the Republicans being hard-up for money is all buncombe."

It is now less than three weeks till the election and it behooves Democrats to register and get all other Democrats to register and vote. We can't see how any man could possibly become a follower of the Butlerized Republican party but lots of them did it once before and they carried the State while Democrats were asleep. We believe the State is safely Democratic, but we hope all the Democratic nosts will get so "scared" they will roll up a majority of 40,000 to 50,000. A big majority certainly would deter Butler from "coming back" again and it would save North Carolina Democrats lots of trouble in 1912 when a President is to be elected.

The average consumer has about all he can do to keep from dying poor before Colonel Carnegie gets ready to take his impecunious departure to that "bourn whence no traveler e'er returns."

The pathfinders for the Wilmington to Charlotte Highway had an exceedingly disagreeable experience over the wet roads extending through "dry territory" between Wilmington and Charlotte.

CORN, HOGS AND CATTLE.

Whoever started that proposition for the South to return to the one-crop idea and raise cotton with which to purchase everything else needed on the farm, is away off both as to his being an economist, a philosopher or a counsellor. In the face of such advice, the Agricultural Department at Washington commends the South for the strides it has made in raising corn and hogs, and the Department goes further and urges a continuance of diversified farming as the only way in which the South can become independent and self-suporting.

The South not only can but must become self-supporting. As long as we confine our farming operations to one or two of the principal money crops, we cannot hope to impress the world with the agricultural advantages and opportunities in the South. We want to get more people to come South, and we must convince homeseekers of the splendid opportunities here for all branches of agriculture. The great diversity of our products is our long-suit, but we certainly can not attract any great attention to Southern opportunities if it gets out that we can't even feed ourselves. The plain truth is, it is a poor country that can't support itself.

The South has a greater diversity of soils and products than any portion of the habitable globe, but, mark it, the one-crop idea will not demonstrate it. This country not only produces the great money crops, cotton, tobacco and peanuts, but we can make of it one of the greatest corn-growing countries of the world. Several Southern States have proven this by prosecuting corn-raising campaigns with the very finest results. Mississippi's corn crop this year will make her independent of the West, and our sister State of South Carolina has produced this season such an immense corn crop that it is attracting attention all over the country. A dispatch was sent out of Columbia a few days ago stating that the result of the increased activity in corn culture is that at least 50,000,000 bushels of corn will be produced in the Palmetto State this year. This will be an increase of 13,000,000 bushels over the 1909 production, while the crop that year was 8,000,000 bushels more than the previous year's production.

This steady increase of corn production in South Carolina is the splendid result of the well directed and wise efforts of the State Agricultural Department. It also has come about because the farmers have realized that they must free themselves from their dependence upon the West. It has furthermore been demonstrated that the production of corn per acre in North Carolina and South Carolina is the largest in the world, and certainly the corn campaign has exploded the fallacy that the South is not as good a corn country as the West.

South Carolina is to have a "Corn Fair" at Columbia and $30,000 in prizes will be given for the biggest yields, best corn, etc. The South Carolina corn growers have demonstrated that 100 bushels to the acre is a common yield and the same has been demonstrated in North Carolina. In the Old North State we have also made great strides in corn culture, and the people of this State will sooner or later quit the ruinous policy of spending all they make on other crops to buy from the West what can be produced at home to better advantage.

The chief issue for loyal Tar Heels is North Carolina Republicanism as she was in the woeful reconstruction period, as she was during the fusion nightmare, and what she is liable to do under one more license to wreck and ruin the best State in the Union.

Says the Baltimore American: "The Republican party is the party that does things." That's no joke. It's been doing us poor things with its discriminating high tariff till we can't see how we are going to come out even with expenses on the first of January.

The assertion has been made that the roads of a country are an accurate indication of its civilization. Civilization creates progress and as bad roads indicate no progress it follows that a country without good roads has not made the progress that gets its source from intelligent and live citizens.

The last census gave Wilmington 25,748 inhabitants. However, that was several months ago. Wilmington has grown since then, and, besides a constant stream of new-comers, two or three thousand people who were off on their Summer vacation when the census was being taken have returned home and are ready to be counted.

Ex-Governor R. B. Glenn will speak at Lumberton this afternoon at 3 o'clock. That able Democrat will present the issues of the campaign clearly and logically, and after his old time manner will earnestly point North Carolinians to their duty to their State. The Ex-Governor is a mighty good man to have on the stump.

CURRENT COMMENT.

Iredell Meares is having hard luck, especially in Robeson. He can find no place to display his oratory.—Rowland (N. C.) Sun.

Meares and Butler will hardly address any more open letters to Governor Aycock. They didn't know it was loaded.—Rawland (N. C.) Sun.

The Wiston-Salem Journal says that Charlotte and Winston are North Carolina's leading cities, Charlotte leading the cotton market and Winston in tobacco. The Journal would have one to believe that there was nothing else in the State except cotton and tobacco.—Laurinburg Exchange.

The Republican objections to Mr. Dix, that, as a stockholder of a wall-paper mill, he is a beneficiary of the protective tariff, and therefore, ought not to be elected governor of New York as a Democrat, are exquisitively consistent. The Republican theory is that the tariff is for the exclusive benefit of the Republicans, and, naturally, they are indignant that a mere Democrat should presume to accept profit from it. Meanwhile, the present difficulties of the Republican party are in some measure due to the exclusion by the party controllers of most of the Republicans from the division of the swag. The "protected" American laborer is beginning to open his eyes.—Columbia State.

When the Reverend Tom Dixon's theatrical company was in Wilmington, Sunday, some of the men of his troupe went out to Wrightsville Beach for a splurge on the surf. One of them swam far out from shore and was drowned. It was Sunday, the season was over, but the young man had the freedom of the ocean. Now we are told, Rev. Mr. Dixon will sue the Tidewater Power Company, because it did not have a life guard on the beach. The Tidewater Power Company was less responsible for the drowning of the young man than was Rev. Mr. Dixon, under whose personal chaperonage he should have been at church or Sunday school instead of at the beach. But Dixon wants advertising and faith, he has the luck of getting an abundance of it.—Charlotte Chronicle.

Red shirts were worn by Democrats what they stood for. Those who see fit to abuse them should not forget in 1898 and 1900 merely as a sign for how our women and children prayed for the Ku Klux Klan in those terrible days. The red shirts were emblems that stood for safety of women and children in North Carolina and the pity that those who now despised the memory of them were not true enough to wear them. Red shirts did not mean that death should be the penalty for men who did not vote the Democratic ticket, but they meant that those who wore them stood for good government and white supremacy in North Carolina. Strange that some men will not see the light. We thank God for the red shirts just as our mothers thanked God for the Ku Klux Klan.—Kenansville East Carolina News.

Those Wilmington boys are what might be called "dead game sports." When they left home on the automobile pathfinding trip, they knew they would be chased by a Gulf storm, but having put their hands to the wheel, there was no turning back. Along all the level stretch of sandy road from Wilmington to Rockingham, where rain would have helped, they got not a drop. It was when they struck the red clay country that the rain overtook them. Rain and red clay make a skiddling combination and those Wilmington automobilists practically skidded their way to Charlotte from Rockingham. This morning they went in a bunch to a Charlotte clothing store and each invested in a new suit of clothes. The fact that this was made necessary tells what sort of a time they had and attests the grit they displayed.—Charlotte Chronicle.

Many an "honery cuss" gets the title "Hon." prefixed to his name.

It is a rash Trust that will finance standpattery in the face of its inevitable downfall in November.

Charlotte has 34,014 people and is going right on laying plans to get more. Population and industries do not come to cities which wait.

There will be a total eclipse of the moon at 7:21 P. M., November 16th. The Luna eclipse will occur just eight days after the Republican eclipse.

DRAINAGE SUPERVISOR.

Opportunities Constantly Opening for Young Men Who Are Prepared.

(Columbus Industrial Advocate.)

David Struthers has accepted the position of supervisor of the drainage work of the Chadbourn Drainage Commission. This is in his line, having finished the civil engineering course at the University at Chapel Hill, and is thoroughly qualified to fill this place. We are pleased to see home talent recognized and it should be an inspiration to others to prepare themselves for some special work, and thereby increase their efficiency.

YOUNG ZENO BROWN KILLED.

Was Victim of Fatal Accident While Making Electrical Connections.

(Special to News and Observer.)

Greenville, N. C., Oct. 20.—Mr. W. L. Brown received a telegram today from Mulberry stating that his son, Mr. Zeno Brown, was killed while making electrical connections during the storm yesterday afternoon. The telepgram was delayed by the storm breaking down the wires. Young Brown was an electrician and employed by a large phosphate company in Mulberry. He was 22 years old. His father wired that the body be shipped here.

READY FOR FOOTBALL.

Teams Organize at Rocky Mount—Atlantic Coast Line.

(Special Star Correspondence.)

Rocky Mount, N. C., Oct. 21.—Local lovers of sports and especially those who have a fondness for football, will be given an opportunity of seeing several games in this city this season seems well assured. The first game of the season is slated for this afternoon when the Wilkerson's High School team meets the team from the Atlantic Coast Line shops at South Rocky Mount. In addition to the two local teams named the Rocky Mount High School will put a team into the field. With the completion of a short practice season with each other, it is the plan of all three to take on games with other teams in this section of the State. The Atlantic Coast Line team will in all probability arrange for a Thanksgiving game to be played with a like team from the Atlantic Coast Line in Wilmington or Florence, S. C.

GREATEST MEDICINE ON EARTH.

A prominent citizen of Evansville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors;—I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

We want every one in this vicinity who is troubled with chronic colds—coughs—or pulmonary troubles—to come to our store and get a bottle of Vinol.

If it does not go to the seat of trouble—heal the inflammation and stop the cough—we will cheerfully return every cent paid us for it. This shows our faith—and proves that you take no chances. Do we mean it? Come and see. Robt. R. Bellamy, Druggist, Wilmington, N. C.

Special 30-minute sale twice a day all this week. All matting and carpets laid free at Rehder's, Fourth Street Bridge. **

It's a delight to feast on Nunnally's candies because they are so good and pure and fresh.

SPLENDID FIRE PROTECTION

Annual Report to State Insurance Commissioner, Giving Facts Regardipg Equipment and the Water Supply.

The annual report of City Clerk and Treasurer John J. Fowler and Chief of Fire Department Chas. Schnibben to State Insurance Commissioner Young relative to the water supply and extent and condition of the equipment of the Wilmington fire department has been prepared and was last night mailed to Raleigh.

The report shows a fact, already known, however, that the department is in every way adequate to meet the demands of a large and growing city. The report of Chief Schnibben relative to the amount and condition of equipment, etc., shows that the department has one fire boat; three steamers; two chemical engines, valued at $18,000; two service trucks, five wagons; 5,000 feet of hose in good condition, and 2,000 feet in fair condition; the department is operated as independent companies, numbering six, with from five to nine men at each; cash value of all fire apparatus in equipment in serviceable condition $48,000; there are 51 fire alarm stations, the system being divided into three circuits.

Mr. Fowler gives report of the water supply, which, he says, is adequate in every respect to meet the requirements of the city. The domestic pressure is 62 pounds and the fire pressure is 110 pounds, giving sufficien pressure to throw water on all the buildings in the city. The system is equipped with both tower and reservoir, the former having a capacity of 166,000 gallons, and the latter 1,000,000 gallons. There are no single hydrants in use, all of the 225 being double hydrants.

K. OF P. RAISE EXPLAINED.

Mr. J. F. Littleton Makes Statement as to Increased Rate.

In reference to a local item in yesterday's Star regarding the opposition here to the plan of the endowment department of the Knights of Pythias to increase the premiums, effective January 1st, next, Mr. J. F. Littleton, Secretary Section 221, yesterday made the following statement, which is gladly given space in the Star:

"A large majority of the policyholders have, within the past two years, transferred their insurance from the old Fourth class with inadequate rates to the Fifth class established about three years ago with inadequate rates and conforming in all respects with the State Insurance laws. These members in the Fifth class are satisfied, their rates being sound. Those remaining in the old class who have been importuned for three years to change are the ones who protest. The Supreme lodge desires to do the very best it can to every man and they offer six options for the policyholders to choose from. This order has paid $12,000 in death benefits in this city since January 1st, 1910, $9,000 of which was in the old Fourth class from which the protest rises."

INTIMIDATION OF WITNESS

Negro Arrested in Recorder's Court Yesterday on This Charge.

During the progress of the Recorder's court yesterday morning a warrant was issued and served on Will Townsend, colored, charging him with intimidation, a witness, E. F. Briscoe, a white man, in a case against Grant Hines, colored, charged with carrying concealed weapons, having testified that Townsend threatened to "make it hot for him" if he dared to give testimony in court against the defendant. Townsend was committed to jail in default of $200 bond for his appearance for trial at this morning's session of court. Hines, who was represented by Geo. L. Peshau, Esq., was found guilty of carrying concealed weapons and assessed $15 and costs. Sam and Maggie Padrick, husband and wife, were found guilty of disorderly conduct, and were fined $5 each and costs.

GOES WITH C. B. GAY & CO.

Popular Young Wilmington Salesman Makes New Connection on Road.

Mr. James L. Duffy, a popular and well known young Wilmington traveling man, has resigned his position with Messrs. M. Rosenman & Son and has taken a position with the C. B Gay Company, of Jacksonville, Fla., handling the famous Ponce deLeon and Gayco Syrups. Mr. Duffy will work this territory through Messrs Brown Bros., of Wilmington, the general agents of these syrups. Mr. Duffy is well known and popular in the territory and will be a valuable man for the Jacksonvile firm and the general agents in this city. An advertisement of these syrups appears elsewhere in today's paper.

CLEARS THE COMPLEXION.

Discovery That Cures Pimples, Eczema and All Skin Troubles.

If you are troubled with pimples, blackheads,acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to cure it with Hokara.

This pure and simple skin food is being introduced in Wilmington by J. Hicks Bunting Drug Co., at the low price of 25c for a liberal sized jar.

It contains no grease or acid, is cleanly to use and is a true food and nourishment for the skin, cleansing and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction return the empty jar to J. Hicks Bunting Drug Co., and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food. Larger size 50c.

If the skin trouble is caused by impure blood, or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

NOW IS TIME TO REGISTER

Books Will Close Next Saturday at Sundown—Registrars at Regular Voting Precincts Today and Next Saturday.

All qualified electors of the city and county are again reminded of the fact that the registration books for the November election are now open and that it is the duty of every voter to see that his name appears on the books. The books close next Saturday at sundown and the registrars will be found at their respective polling places today and next Saturday, but on other days next week they will have their books at their homes or places of business.

It is quite certain that there are a large number of qualified electors in Wilmington who have not yet registered and they are urged to attend to this important matter at their earliest convenience, before the books close one week from tonight. There is no new registration, but it has been suggested that all would do well to call upon the registrars and see that their names appear on the books. If a voter has moved from one ward to another since the last election and will be in the ward to which he has moved for four months prior to November 8th, it is his duty to register in the ward to which he has moved, but if he has not been in the ward to which he moved for that length of time he should vote in the ward in which he last resided. Those who have moved to Wilmington since the last election and have been in the State two years, county six months and the ward four months are entitled to register and vote in the coming election as well as all young men who have become of age since the last election. Those who become of age between the time of the closing of the registration books and the day of election may register on the day of the election. The voting places in Wilmington, where the registrars may be found today and next Saturday, are as follows:

First Ward—Engine House, fourth and Campbell streets.

Second—Recorder Furlong's office, Princess street.

Third—Giblem Hall, Eighth and Princess streets.

Fourth—Schloss & Davis' Stables, Market street.

Fifth—Engine House, Sixth and Castle streets.

TAX PAYERS ARE SLOW.

Very Little Money Being Taken in at the Sheriff's Office.

It has been unusually dull around the Sheriff's office for the past several days and the Sheriff's efficient and energetic office deputies are complaining that they have not had enough work to keep them reasonably busy, this being due to the fact that the tax payers are not as prompt in settling their taxes as they usually are this time of year. Comparatively little money has been received on taxes at the Sheriff's office the past few days. The same thing can be said of the City Clerk and Treasurer's office. Tax payers are asked to remember that the law only allows until the 1st of November for the payment of the State and county taxes and a call at the Sheriff's office between now and the 1st will be appreciated.

CONTEST CONCLUDED.

Young People Awarded Prizes in Interesting Shoe Store Event.

The very interesting school shoe contest which has been in progress at the popular store of Messrs. Hewlett & Price, No. 109 Market street, came to a close on Friday afternoon and yesterday the two handsome prizes were awarded. The winner of the pretty doll offered to the girl was awarded to Miss Ethel M. Allen, No. 914 Chestnut street, and the express wagon for the boy went to Master Frank Foster, No. 411 Dock street. The contest was very interesting from start to finish and enlisted the efforts of a large number of school children, who will congratulate the winners in the awards just made.

High School Boys Won Game.

In an interesting game of football at League Park yesterday afternoon between the Junior Baraca eleven and a picked team from the High School, the latter won by a score of 7 to 0. Mr. H. S. Shaw, principal, of the High School, was referee; Kenneth Parsley umpire, and Mr. Bushell time-keeper. The features of the game were the work of Blue, for the Baracas, and Burnett and Taylor for the picked team.

SUNDAY SERVICES.

Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, Lagrippe, Asthma, Croup—all Throat and Lung troubles. 50c and $1.00. Trial bottle free at Robert R. Bellamys'

Don't forget the date at Rehder's big sale, Monday, Oct. 24th. **

FOR A GREATER WILMINGTON

First Fall Meeting and Supper of Wilmington Commercial Club—Many Matters Looking to Advancement Considered.

After a few months of suspended animation, caused by the absence from the city during the Summer season of nearly all the business men, a portion of whom are beach dwellers during this period, the Commercial Club, the live auxiliary of the Chamber of Commerce, with a large and enthusiastic attendance, held its first Fall meeting and supper at the rooms of the Chamber of Commerce last evening, the hours being from 7 to 9:15 o'clock, during which time matters of vital concern to the people of the city were discussed and definite action taken on several propositions of much importance.

This was the first meeting of the organization since the announcement of the 1910 census, placing Wilmington second in population as compared with other towns in North Carolina, and, as was to be expected, those who gathered around the festive board, were of one mind—that Wilmington while second only in population, should bestir herself and in the next decade not only overcome the present lead of the Queen City but far surpass that city's population at that time, assuming that Charlotte will grow during the next ten years even more rapidly than she has in the past. Those who doubt that Wilmington will profit by the census report do not know the people who compose this city. It can be safely said that they are determined to bring to this city additional manufacturing enterprises and to make other needed improvements as well as to expand the commercial business and when the people of this city thoroughly make up their minds to do a thing, they, as a rule, succeed in achieving the end sought.

Invitations to the supper were sent out several days ago and there were a gratifying number of acceptances, there being between 60 and 75 representative citizens in attendance. The tables were prettily and appropriately decorated and ladened with an appetizing menu. Promptly at 7 o'clock, Mr. Chas. N. Evans, president of the club, gave the signal and all assembled around the tables. Mr. Evans made a brief address of welcome, in which he announced the fact that the election of a vice-president was among the important matters of the evening. Immediately following the supper, Mr. Evans made a more lengthy talk. He said that the club had cause to congratulate itself upon the very large attendance, and then proceeded to tell why Wilmington, as a city, as a cause to congratulate herself, notwithstanding the bad deal given by the census bureau. Wilmington needs, he said, a stimulus, all would agree. Another city has wrestled from Wilmington first place in the matter of population. The people now seem to be ready and willing to push forward to something greater for the city. While there are not so many people here as it was thought, yet there is every indication of great progress. For instance, the past season was the best in the history of the beach and as a result, a movement has been set on foot for a new hotel with every assurance of success. Practically all of Wilmington's portion of the capital stock has been subscribed. Mr. Evans then referred to the progress in banking circles, the recent announcement of the decision of the directors of the Murchison National and of the American National to increase their capital stock, and also the purchase by the latter bank a home of its own and the preparations being made by the Wilmington Savings & Trust Company to erect a home of its own, all of which indicates great progress. Mr. Evans said that he felt that this was the proper time for the club to take a firm hold and push Wilmington forward. He also spoke of the recent enhancement of real estate, especially in the downtown district, and referred to the improvements being made by Mr. J. M. Solky on the building recently purchased by him, in which will soon be an up-to-date motion picture theatre. In conclusion Mr. Evans said that all agree that Wilmington should put forth a great effort and that within a few years the city will have increased its business in all lines as well as in population. Mr. Evans then requested nominations for the office of vice president.

Mr. Thos. H. Wright put in nomination Mr. John Rehder, receiving a second from Mr. James Owen Reilly. Mr. Rehder asked that his name be withdrawn. Col. John VanB. Metts placed in nomination Mr. Thos H. Wright. Mr. Rehder moved that the secretary be instructed to cast the unanimous vote of the club for Mr. Wright. The motion prevailed and the vote of the club was cast accordingly. Mr. Wright made a few remarks, in which he expressed his appreciation of the honor and declared that he is always a willing horse when it came to work for Wilmington.

Mr. Evans referred to the campaign that is now being waged by the Southern Bell Telephone Company, in this section, to extend its system until every farm house is connected by telephone. After personally endorsing the movement as a good thing, not only for the farmers but for telephone subscribers in this city, Mr. Evans presented Mr. H. McA. Rose, local manager of the Southern Bell Company, who spoke substantially as follows:

"In order to meet the demand for a quick and efficient means of communication between the merchants of the cities and towns, and the residents of the rural districts, to provide feeders for the large toll line system and to make the local exchange service attractive to non-subscribers, whose greatest need is to be in constant and instantaneous communication with the farmers and merchants of the country, the Southern Bell Telephone and Telegraph Company adopted a policy of developing the rural communities, telephonically, by which every farmer of moderate circumstances, is enabled to provide himself with a telephone, connecting with either an exchange or toll station of the Southern Bell Company. In a few words, the plan is this: Where six or more people are so located as to make connection with the central office of the telephone company practicable and will build their line to the city limits of Wilmington and will buy, install and maintain their instruments as well as their line, they may have communication with all of the subscribers, about 2,000 in number, connected with the Wilmington exchange for an annual rental of $8 per station. If there are less than six on the line, the annual rental for each subscriber will be determined by dividing the annual charge for the circuit and service furnished by the telephone company, by the number of stations on the line. To illustrate: If there are but three people connected with a farmers' line circuit, constructed by the farmers to the city limits, the annual rental per subscriber will be $16. If there are more than six connected with a certain circuit, the annual rental per station is $8. Should the subscribers desire the telephone company to build beyond the city limits, in order to meet a farmers' line, it will do so at the rate of $40 per annum per mile for each mile so constructed.

It will frequently develop that people residing at some point inaccessible to Wilmington, will want connection, but because of the distance are unable to build a line. In this case we are prepared to connect with them at the nearest toll station. For such a connection there is no service charge, there being a charge made only when the toll lines are used.

"Farmers' lines of this description can be constructed for about $30 per mile, including the cost of poles. If the farmers can furnish the poles from their farms, and they should be able in this section of the country, the actual cost per mile is about $18. It will therefore be seen that a farmers' line about six miles in length, will only cost the farmers about $108, which amount will, of course, be divided between the subscribers on the line. In addition to this expense, it is necessary for the subscribers to purchase their telephones, which can be secured for $13.50 per set, including the necessary wire, lightening arrester, ground rod and screws for installing it.

"If it is in keeping with the policy of the Commercial Club to endorse all movements which have as their object, the upbuilding of the City of Wilmington and the advancement of business interests generally, I would like to have your endorsement of this plan. We have just begun a canvass for farmers' lines and it will greatly aid me in this development if the Commercial Club will recommend the plan to the merchant and farmer, as being worthy of their consideration."

In conclusion, he stated that Mr. E. T. Sheftall, of the farmers' line department of the company, had been here for some days and had closed a contract for a line to Middle Sound, and also one to Winnabow, Brunswick county. The company gave about $600 worth of material on the Winnabow line. Mr. Sheftall was then introduced by Mr. Rose and he gave most interesting additional details of the plans of the company. He said that the movement was not altogether a selfish one on the part of the company, as it helps the towns and farmers who are served. These farmers' lines are being scattered throughout the South and Mr. Sheftall said that in many of the cities and towns the commercial organizations are contributing liberally to have such lines enter their towns.

When Mr. Sheftall had concluded his remarks Mr. Evans said that he thought it well that the club endorse the movement as being a good thing for the farmers. Upon motion of Mr. J. S. Ramos the club unanimously and enthusiastically endorsed the proposition.

Col. John VanB. Metts inquired if there were anyone present who could tell how to bring manufacturing enterprises to a city and also how the taxes of such concerns could be remitted. He had heard of other cities making great inducements to manufacturing enterprises, even going so far as to relieve them of any taxes for a period of years. Alderman Louis E. Hall was called upon for the information. He stated that it would be easy to get around the payment of city taxes as there is practically no vacant site in the city large enough for a large manufacturing concern, the area of the city embracing such a small territory, but the question, he said, was how to get around payment of State and county taxes, respectfully referred to the members of the Board of County Commissioners for an answer. Col. Metts, the inquirer, being a member of the Board of County Commissioners, replied that he did not know and was asking for information.

Thos. H. Wright, secretary and treasurer of the Atlantis Hotel Company, which has for its object the erection of a handsome hotel at Wrightsville Beach, made an earnest talk in behalf of the proposition. There are now about 80 subscribers in Wilmington, representing about $42,000. This leaves $8,000 yet to be raised as Wilmington's share and Mr. Wright thought this would be forthcoming within the next few days. Mr. C. E. Hooper, of Charlotte, who is to be manager, receiving for his services a certain per cent. of the net profits, has subscribed $25,000, he said, and thought that $100,000 could be secured in Charlotte. Mr. Evans also spoke in favor of the proposition. He said that the shares of stock are placed at $100 payable in ten months as the hotel is being built. Mr. J. M. Solky was also heartily in favor of the new hotel, and has subscribed for stock as has also Messrs. Wright and Evans. Mr. Solky said that some time ago he thought of moving from Wilmington, but after making an investigation of a large number of cities he came to the conclusion that Wilmington is the best place in the country and has shown his faith in the city by purchasing valuable business property and expending a large sum in improving it. He suggested the formation of an organization consisting of 200 citizens, each subscribing $1,000 stock, for the purpose of encouraging manufacturing enterprises. When people come here to establish an enterprise let the club assess each member so much to purchase a site and pay the taxes for a given number of years as an inducement to the concern to locate in this city. He said that personally he was willing to be assessed toward the taxes of new manufacturing concerns.

Mr. John H. Rehder when called upon for remarks, said that the club came together frequently and discussed matters, but he desired to see results and suggested that the president be authorized to appoint a committee, to push the matter of a bridge across the Northeast river, connecting New Hanover and Pender counties, and another to take up the matter of a free ferry across the Cape Fear river at Wilmington. Secretary J. A. McGeachy said that he was informed that Pender county had levied a tax for the construction of the bridge across the Northeast, but thought it a good idea to appoint a committee. The motion of Mr. Rehder prevailed and President Evans announced that he would appoint the committee later.

Mr. J. J. Blair, superintendent of the city graded schools, was next called upon and he responded in an interesting and entertaining address, in which he stated that he had attended several meetings of the club and was always entertained, edified and inspired. As to schools, he said that he had always endeavored to see the educational interests keep pace with material progress in this city. In referring to the trip of the pathfinders, he said that some of those in the party were so anxious to get back to Wilmington that they shipped their cars and returned on the train.

Mr. C. C. Covington, followed Mr. Blair and in beginning said that it looked to him as though all were looking to Charlotte as a beacon light and said that Mr. R. W. Vincent, managing editor of the Charlotte Observer, told him a few days ago that 1,000 bales of cotton would be harvested in the city of Charlotte this year. However, Charlotte has set an example that it would be well to follow, he said. When they take up a matter they keep hammering until they succeed. Mr. Covington wanted to see a free ferry across the river; increased storage facilities, and additional manufacturing concerns, but did not approve of the idea of holding out inducements for new enterprises, other than the natural advantages of this city.

President Evans thought that Wilmington should have public docks, which will eventually come, he said. This would afford a place for boats to come and unload, they to pay so much for the privilege, the revenue making the docks self-sustaining. Mr. Evans asked Capt. Earl I. Brown, who was present, if it were customary for cities to have public docks and Capt. Brown said it was not only customary but that in some cases the government requires it. Mr. Evans then asked Capt. Brown to address the meeting.

Capt. Brown said that the matter of public wharves is a question that will be before the people of this city in a very short time now. He referred to the work contemplated at Oriental and Beaufort and said that both towns would be required to provide public wharves. This will also be required here, he said, as he would recommend it in his report. He did not think the present facilities adequate, not only as regards wharves, but as to terminal and transfer facilities. The Seaboard has furnished terminals and he thought the A. C. L. would do likewise, but in addition the city should provide terminal facilities, mentioning Point Peter as the proper place for this. He saw no reason why in a short time Point Peter from the railroad to the point should not be dotted with manufacturing enterprises. As he saw it the club could not do anything of more importance to the city at present than to appoint a committee, composed of experts on handling freight, to recommend what the city needs in the way of water front facilities, estimated costs and devise means by which the improvements can be made.

Capt. Brown said that he was pleased to say that the 30-foot project is almost upon the people. In a comparatively short time if nothing unforeseen happens, there will be 30 feet of water across the bar. Soundings show 27 feet of water now at the shallowest point. Capt. Brown also spoke of the other improvements on the Cape Fear for which bids were opened a few days ago, and in conclusion again called attention to the urgent need of increased terminal facilities.

Upon motion a resolution was adopted requesting the Board of Aldermen to appoint a committee to investigate the feasibility and desirability of providing public docks and storage facilities and the maintenance of the same. The resolution authorizes the president to appoint a committee to go before the Aldermen and present the matter to them.

Capt. Brown then called attention to the need of a more complete marine railway and suggested that some steps be taken toward securing it. President Evans stated that Mr. Louis Skinner, owner of the present marine railway, had under consideration plans for enlargement and suggested that he be invited to come before the club at the next meeting and set forth his plans. The suggestion met with the approval of the club, and the secretary instructed to write Mr. Skinner a communication to this effect.

Chas. C. Loughlin, Esq., prominent member of the local bar, when called upon for remarks, stated that it would be well for the club to be thinking of the matter of a Commission form of government for Wilmington as a bill looking to this would very likely be introduced in the next Legislature. He thought it too late in the evening to consider the matter last night, but the question might be taken up at a later meeting. He considered it proper for the proposition to come up before the commercial club as the commission form of government is a business matter, nothing more or nothing less. President Evans said that it was a matter of the keenest interest to all the people, but he did not think the club as a body should take up the question as it would be going into politics, which the club desires to fight shy of. Mr. Loughlin stated, in reply, that it was not a political matter, that one of the objects of the commission form of government was to get away from politics in the administration of the affairs of the city.

Mr. T. D. Love said that he thought the club should take up one or two matters at a time and not attempt to consider everything at one meeting, and referred to the opportunity for manufacturing enterprises on the A. C. L. belt line.

Thos. D. Meares, Jr., Esq., made a strong talk in favor of the commission form of government and agreed with Mr. Loughlin that one of the objects was to take the government of the city out of politics and to place the affairs upon an economical and businesslike basis. One feature of this plan is the abolition of all ward lines. The plan, originated by Galveston, has worked with signal success in making cities, he said, and he considered it proper for the Commercial Club to take up and discuss the proposition. Col J. VanB. Metts stated that he did not think the club should take any

* * *

Rocky Mount, N. C., Oct. 21.—Friends and acquaintances were only recently in receipt of announcement of the wedding of Dr. E. B. Quillen in Baltimore, and Miss Lella Griffith. Both of these young people are well known and held in high esteem by a large circle of friends and acquaintances, both of them having made their home in this city during years past. Mrs. Quillen was formerly head nurse in the Atlantic Coast Line Relief Hospital at South Rocky Mount, which position she held for many months, proving one of the most efficient women in this capacity within the dozen years that the hospital has been in this city. Dr. Quillen is at present in the service of the Atlantic Coast Line Relief department in Wilmington, though for several years he was head physician in the hospital in this city, having been promoted from the position at South Rocky Mount to the one he now holds in the head offices in Wilmington.

LOCAL DOTS.

—A license was issued from the office of the Register of Deeds yesterday afternoon for the marriage of Mr. Lewis T. Allen and Mrs. Mary L. Pate, both of Wilmington, which was announced to take place yesterday afternoon with Rev. J. W. S. Harvey, officiating.

—In Justice A. Silverman's court yesterday Sarah Bell, colored, was given hearing on the charge of assault on Julia Thompson, colored. The Justice held that the prosecution was malicious and frivilous and taxed the prosecutor with the costs.

—Woodus Kellum, Esq., returned to the city yesterday from Jacksonville, where he has been attending Onslow county Superior Court, presided over by Judge H. W. Whedbee. Several cases have been disposed of during the week, among which was one in which John King, colored, was charged with attempted criminal assault. He was given five years in the penitentiary

PERSONAL PARAGRAPHS.

—Mr. J. A. Dew, of Currie, N. C., was here yesterday making business calls.

Attorney General Bickett Nov. 4th.

Chairman Marsden Bellamy, of the county Democratic executive committee, received a letter yesterday from State Chairman Eller, stating that Attorney General T. W. Bickett would speak in this city on the night of November 4th. Mr. Bickett was scheduled to speak here a few nights ago, but was later sent to the western part of the State to fill important engagements. He is a pleasing speaker and will doubtless be heard by a large crowd.

GUN CLUB SHOOT.

Some Very Good Scores Yesterday—Mr. Knight a Guest.

The regular weekly shoot of the Wilmington Gun Club yesterday afternoon was one of the best held this season and attracted a large number of the best shots in the city. Among the guests was Mr. J. H. Knight, a representative of the Winchester Arms Co., who participated in the shoot and made 65 out of a possible 75. Other scores were as follows out of a possible 50: Taylor 44, Wescll 37, Jarman 39, Meares 29, Bellamy 30, Russell 34, Pierce 33, Grant 33, Penny 45, Boylan 43, Perdew 38.

Beaufort, N. C., Oct. 21.—The four-masted schooner, Jessie A. Bishop, is anchored off Bodie Island, on the North Carolina coast and reports all well.

DIED.

COX—At her home, 517 Campbell street, at 6:15 A. M., Thursday, October 20th, Alice G. Cox, in the 60th year of her age.

Funeral from St. Mark's P. E. church, Sunday afternoon at 3 o'clock. Friends and acquaintances respectfully invited to attend.

MOST DISTRESSING ACCIDENT

Mr. Thad F. Tyler Dies as Result of Injuries in Automobile Accident Early Yesterday Afternoon—Internal Injuries.

As the result of an automobile accident on the turnpike yesterday afternoon between 12:30 and 1 o'clock, near Winter Park Gardens, Mr. Thad F. Tyler, a well known contractor and builder of this city, died of internal injuries last night at 9:15 o'clock at his home at what is known as the Second Toll House, about four miles from the city.

Mr. Tyler, with Mr. W. S. Bernard, had gone down the turnpike to superintend the erection of a dwelling which Mr. Bernard is having built at Winter Park Gardens and were in the automobile of the latter, returning to the city. At a point just opposite Winter Park station, the road is beveled on the surface and in turning out for a cart which they passed just at this point, the rear wheels of the machine skidded and the rear of the automobile struck a tree by the roadside partially demolishing the auto and throwing both occupants forward with considerable violence, the impact rendering both unconscious for some time. Mr. L. A. H. Koeth and several other gentlemen were standing at the station at the time and hurried over to the injured men. Mr. Bernard had been thrust through the glass wind shield and was severely cut on the forearm and had several contusions on the side of the head, but he soon regained consciousness and shut off the motor, which was stil running, the frpnt of the machine having been in fact. Mr. Tyler was thrown forward across one of the backs of the seat presumably and was picked up in an unconscious condition. Mr. Jas. H. Chadbourn's automobile passed within a few minutes and Mr. Tyler was sent as quickly as possible to his home, a short distance up the road to which they were returning when the accident occurred and Dr. Chas. P. Bolles was summoned to attend him there, remaining with him for several hours until the sad end. Death was due to shock from the blow over the liver and stomach. He was conscious at times after the accident but toward nightfall, he relapsed into unconsciousness and never regained possession of his faculties. Mr. Bernard was able to return to the city without assistance and was apparently all right during the afternoon but during the night was suffering from the shock and was attended by Dr. Thos. M. Green. The machine was almost completely demolished except the front.

The sympathy of the community goes out to the bereaved ones in the distressing consequences of the accident and had his highly nervous condition warranted it and he had been informed of it last night, none would have regretted the affair more than Mr. Bernard, the driver and only other occupant of the automobile. Under the advice of his physician, he was not informed of the consequences of the accident last evening.

Mr. Tyler was a man of great geniality, a skilled supervising workman, and numbered his friends by the thousands, all of whom will be distressed at his untimely end. At first it was thought that his injuries were not serious, but the internal injuries developed and after losing consciousness passed peacefully away surrounded by all members of the immediate family. Mr. Tyler was 53 years of age last May and is survived by his wife and three daughters, Mrs. Ed. Cunningham, Mrs. J. W. Brown and Mrs. J. C. Welch, all of this city, and one brother, Mr. Theodore Tyler, of Newport News, Va., who was telegraphed the distressing news last night. All the sorrowing ones have the heartfelt sympathy of hundreds in their deep sorrow.

Mr. Tyler until a few months ago resided at Cronly, N. C., and with Mr. G. Herbert Smith was one of the founders of Cronly Lodge, Knights of Pythias, of which he was a faithful member and always took an active part in its affairs. He was also a member of Hanover Lodge of Odd Fellows, of this city, and was held in the highest esteem by members of that order.

Until the brother of Mr. Tyler in Newport News is heard from, no arrangements will be made as to the funeral but this will probably be held some time Sunday.

DRAINAGE CONVENTION.

Chamber of Commerce Names Delegates to Meeting in November.

Already active preparations are being made for the annual convention of the North Carolina Drainage Association, which will be held in this city Nov. 22nd, 23rd and 24th, and which is one of the most important bodies to meet in North Carolina this year. It is expected that the delegates will be welcomed to the city by Mayor MacRae and that a number of other courtesies will be shown them while they are in the city by the county and municipal authorities. President J. A. Taylor, of the Chamber of Commerce, yesterday appointed the following delgates to represent that body in the convention during its sessions in this city, arrange for reception of visitors, etc., the delegation being headed by Mr. B. F. Keith, vice-president of the State Association and one of the pioneers in drainage matters in the State, viz: Messrs. B. F. Keith, M. F. H. Gouverneur, D. McEachern, D. L. Gore and Z. W. Whitehead.

Reaching the Top.

in any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at Robert R. Bellamy's.

ACTIVITY IN WHARF REALTY

Mr. John R. Hanby Acquires Valuable Property Now Occupied by F. E. Hashagen Company, Wholesale Grocers—Purchase.

Another important deal in wharf realty was consummated yesterday when Mr. John R. Hanby, of the Crescent Company, through the progressive Wright's Real Estate Agency, acquired from Messrs. Samuel Bear, Sr., & Sons, the stores and valuable wharf property now occupied by the F. E. Hashagen Company, wholesale grocers.

The property fronts 40 feet, three inches on Water street and runs back into the block 70 feet with a 15-foot alley in the rear. It is understood that the consideration is not quite $10,000. As Mr. Hanby has a long lease on the present headquarters of the Crescent Candy Company, it is stated that he will not remove his business but will hold the property as an investment. The F. E. Hashagen Co., will probably remain at their present location. The property is ideally situated being in close proximity to the Clyde Line docks and with A. C. L. trackage immediately in front.

In this connection it will be of interest to know that Mr. M. L. Starkey, who recently purchased the building on Princess street, formerly occupied by The Morning Star, has commissioned Architect Jos. F. Leitner to remodel and rebuild the structure into two handsome stores with bachelor apartments on the second floor. This property is also well situated, being almost directly across the street from Wilmington's proposed new Custom House and on one of the city's main thoroughfares. Mr. Starkey purchased the property as an investment.

FOR IA GREATER WILMINGTON

(Continued From Page Five.)

official action, but that it would be well to have a free and full discussion of every phase of the question at some future meeting. The meeting then adjourned.

Several of those in attendance did not sign the cards placed at their seats, but among those present were: Anson Alligood, Capt. Earl I. Brown, Thos. H. Wright, J. A. McGoachy, C. N. Evans, C. C. Covington, W. H. Perdew, Adolph Einstein, John W. Perdew, A. B. VanBuren, G. T. Flynn, J. B. Rice, W. L. Williford, H. G. Foard, John R. Murchison, J. H. Rehder, H. G. Smallbones, E. T. Moore, E. T. Sheftall, H. McA. Rose, W. W. Roch, W. B. Thorpe, I. W. Cooper, Horace C. Cooper, Thos. D. Meares, Jr., Esq., T. F. McAllister, H. D. Springer, Raymond Hunt, J. S. Ramos, F. E. Hashagen, F. E. Hashagen, Jr., D. H. Bynum, Chas. C. Loughlin, Esq., James Owen Reilly, John J. Blair, J. M. Solky, E. O. Penny, J. Haughton James, W. W. Love, E. N. Clark, W. E. Fox, D. O. Westbrook, Thos. P. Strauss, Col. John VanB. Metts, L. E. Hall, J. F. Roache, H. L. Hunt, John Wannamaker, J. N. Huske, Jr., J. N. Jacobs, C. C. Fillyaw, J. W. Simpson, Jas. H. Cowan, H. L. Vollers, T. D. Love, R. H. Northrop.

SPEAKING AT DELGODO.

Iredell Meares, Esq., Addressed Voters There Last Night.

Iredell Meares, Esq., Republican candidate for Congress in this district, addressed the voters of Delgado in the hall over the store there last night. The hall was crowded and many were forced to stand throughout the speaking. Mr. Meares spoke in his usual forceful and earnest manner, discussing mainly the tariff question, especially as it applies to the cotton schedule and pointed out the advantages, he said, derived by the mill operatives from the present tariff. He took occasion to answer ex-Governor Aycock's Laurinburg speech, a copy of which has been handed The Star for publication later. Mr. Meares was introduced by Mr. E. H. Freeman, Republican candidate for Sheriff, in this county, who sustained his well merited reputation as an orator of conspicious ability and completely captivated his hearers.

FIVE COOPERS ARE BANKERS.

Mr. L. J. Cooper is Elected President of Waycross Bank.

The recent announcement of the election of Mr. Lawrence J. Cooper, formerly of this city, as president of the Waycross, Ga., National Bank, reminds a Wilmington business man of the fact that five of the seven Cooper brothers are bank presidents, the other two being lawyers and located in Memphis, Tenn. The Coopers connected with banking institutions are: Lawrence J. Cooper, president of the Waycross National Bank, having a capital of $200,000; Mr. W. B. Cooper, president of the American National, this city; Mr. Thos. E. Cooper, president of the Southport and Loris, S. C., banks; Mr. John P. Cooper, president of the Merchants & Farmers' Bank, Mullins, S. C.; and Mr. P. S. Cooper, president of the First National Bank of Dunn, N. C.

SPLENDID SERVICE LAST NIGHT.

Last Week Meeting of Present Revival at Fifth Street Church.

The service last night was the last of the week day services of the present revival at Fifth Street Methodist Church and the meeting will come to a close Sunday night. Rev. K. D. Holmes preached a strong sermon last night on the subject, "The Summer is past, the Harvest is over and you are not Saved." The solos and duets of Mr. and Mrs. Chas. Butler were especially good last night and proved a big feature of the service. In the after meeting, conducted by Rev. Thos. A. Smoot, there were several conversions and a number of requests for prayer. There will be three services tomorrow—11 A. M., 4:30 and 7:30 P. M. At the afternoon service Mr. Chas. Butler will make an address.

Read Star Business Locals.

Theatrical

The big feature bill of Starkey's Players was presented at the Academy last night in "The Brute and the Man" and the play, with its weird, startling plot, was enjoyed by a large audience. The company, which has proved to be one of the best popular price attractions that has ever played Wilmington, will bring its engagement to a close today, giving two performances. The matinee should prove especially popular as at the earnest demand of many, "Lena Rivers" is to be repeated. The prices for the matinee will be 10 and 20 cents.

Tonight the company will present a roaring farce comedy. It will be well known 'Sis Hopkins," and as a special courtesy to the ladies again tonight they will be admitted free, but, as before, seats must be reserved at Plummer's by 6 o'clock this afternoon.

Grand Opera in English.

That Wilmington has a large proportion of music lovers among its population as any other city, and a good deal larger proportion than many others, has never been in doubt here, for musical offerings of the higher class have always found liberal patronage. It is this and also the fact that we have not heard grand opera in our own familiar language here for a number of years that has prompted the management of the Academy of Music to contract with the Aborn English Grand Opera Company for its appearance there Tuesday, October 25th, for one night.

This famous organization, which has been permanently located in several of the large cities of the East during the past ten years, is making a special tour of the country this season in response to demands for English grand opera from many cities all over the United States that have not heard the classic work sung in our accepted language for a number of years. Their tour has so far been a great success, and there is little doubt that they will attract as large and eager attendance here as elsewhere. They will present Verdi's beautiful and popular "Il Trovatore" for their engagement here, and seats will be on sale Monday.

At Joyland.

Yesterday was High School day at Joyland and this popular little theatre was crowded to capacity, both matinee and night. The pictures were very appropriate and judging from the applause pleased everyone. Joyland has been enlarged and a new Edison machine installed. This will make all the pictures clear and free from that disagreeable flicker that some pictures have. Three splendid subjects for today, "The Pugilist's Child," and "How Brother Cook Was Reformed," being delightful pictures and full of comic situations. "The Danish Dragoons," is a very instructive picture showing the famous European surf drill on horses.

At the Bijou Today.

"A Mohawk's Way," an excelent Biograph subject, is the feature picture at the Bijou theatre today. Indefatigable in the extreme was the Mohawk; excessive in his expression of gratitude, he is equally determined in his quest for vengeance—justice, however, being his incentive. "Brave Hearts," or "Saved from the Indians by a Woman's Wit," is the title of another highly interesting picture that will be shown today.

At the Crystal Palace.

The last chance to witness the present excellent bill at the Crystal Palace is given the patrons of the resort today, as next week there will be an entirely new bill with new performers. Miss Eleanor Warren, the winsome little lady with a charming voice; Miss Gibson, the clever soubrette; the Great Stanley, and the two reels of motion pictures go to make up an altogether pleasing programme, which has entertained hundreds during the week.

Important Meeting Tonight.

An important meeting of Cape Fear Council No. 374, U. C. T., will be held tonight. There will be an initiation of candidates and other business of special importance. A full attendance of members is urged.

Regarded by Epicures

As a special delicacy. Blue Ribbon Vanilla Extract is made from the choicest Vanilla beans, and conceded to be the most delicious.

NATURE'S WARNING

Wilmington People Must Recognize and Heed It.

Kidney ills come quickly—mysteriously,

But nature always warns you.

Notice the kidney secretions.

See if the color is healthy—

If there are setting and sediment,

Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills,

To ward off Bright's disease or diabetes.

Doan's have done great work in Wilmington.

William L. Benson, 618 S. Second St., Wilmington, N. C., says: "Doan's Kidney Pills, procured from Robert R. Bellamy's Drug Store, did me more good than any other remedy I ever used. My back ached all the time and I could not stoop or lift without having sharp pains through my body. Mornings my back was so lame and sore that it was hard for me to get out of bed. The kidney secretions were highly colored and contained sediment. Doan's Kidney Pills stopped the pains in my back and regulated the passages of the kidney secretions. I have such great confidence in this remedy that I advise its use to anyone suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FINANCIAL and COMMERCIAL

NEW LOW RECORDS FOR COTTON

Decline Came After an Early Advance on the Market—Close Quiet and Unchanged—Offerings Very Heavy.

New York, Oct. 21.—Cold weather in the Western belt caused an early advance in the cotton market, but there was continued heavy selling, much of which was attributed to former large bull interests and prices made new low records for the movement on some of the later months during the middle of the day. The close was steady at a net advance of 1 to 8 points. The opening was steady at an advance of 6 to 10 points and during the first few minutes, the market sold up to a net gain of 11 to 15 points on covering of shorts and fresh buying for long account inspired by better cables than expected reports of a better demand for cotton goods in Manchester, and the weather map, showing killing frost in parts of the Western belt. Offerings were very heavy on this advance, suggesting further liquidation by the heavy buyers of last month, and the Western belt forecast calling for cold weather again tonight with higher temperatures tomorrow was followed by a reaction to about the closing figures of last night. At this level there was a big demand from some of the large spot people, and a fresh wave of covering caused a second advance which carried prices about 6 to 11 points net higher, but when the Texas weather details were received suggesting heavy frosts, but no actual freezing temperature in that State, the market again weakened and active positions sold off to a net loss of 4 to 9 points with the later months making new low ground for the movement. The Oklahoma State details, however, showed killing temperatures more or less generally over the State, which were believed to have put an end to any further growth and the market later rallied on a continued demand from trade interests and renewed covering. The close was some 9 o 12 points up from the lowest.

Southern spot markets officially reported early were unchanged to 1-8c higher; into sight figures were about as looked for. Spinners' takings for the week were 311,000 bales against 328,000 last year.

Receipts at the ports today 79,703 bales against 74,640 last week and 86,702 last year; for the week 440,000 bales against 405,117 last week and 448,254 last year. Today's receipts at New Orleans 8,670 bales against 17,290 last year.

Spot cotton closed quiet and unchanged; middling uplands 14.45; middling gulf 14.70; sales 1,100 bales. Futures opened and closed steady.

THE DRY GOODS MARKET.

New York, Oct. 21.—Wide sheetings have been advanced one cent a yard. The demand for heavy domestics for the jobbing trade is better. The advance on cotton blankets now in effect range from 7 1-2 to 10 cents. Cotton yarns are firm, but business is limited. Pulled wools have been cleaned up in this market.

REVIEW OF COTTON FOR WEEK

Bulls Look Upon Sharp Setback as Natural Reaction—Impression That Crop Has Been Understated—Conditions.

New York, Oct. 21.—Though prices of cotton have received a sharp setback of $3 per bale or more, the bulls look upon it as only a natural reaction after a rise of nearly $100 per bale. Prolonged favorable weather has had some effect on prices. So have the increase in receipts. More than all, however, the long account had become unwieldy and when large Southern operators and seemingly certain spot interests started to sell, they were naturally followed by the smaller traders and a violent decline was the unavoidable consequence.

Besides, the South has sold rather more freely on hedges and Liverpool has also sent selling orders. Spinners evidently were surprised at the sharp break in raw cotton and therefore some big spot interests here are supposed have purchased less freely. Then, too, have purcahsed less freely. Then, too, posed to be against the market.

Room traders have operated for a decline, believing that the advance had been overdone. A still more potent factor was the growing impression that the crop has been understated. No talk is heard nowadays of a yield of only 11,000,000 bales. Even some of the bulls who believed that ultimately prices must go much higher frankly state that they look for a crop of 12,000,000 bales. Some of the bears insist that the yield will in all probability amount to 13,000,000 bales.

Spot markets have been less active and have naturally yielded to some extent in company with futures. The National Ginners figures were not considered stimulating to say the least.

Very prominent Southern operators including leading Texas interests, are believed to have sold on an enormous scale.

Wall street and the West have been sellers. On the other hand the bullish idea is deep-seated among a large class of cotton people, including some of the large experience who had great success in the past, not excepting the season just ended. They think that even if prices should go off now for a time they must ultimately reach a much higher point. Lancashire's prospects for the season are believed to be good. Bar silver has of late been rapidly rising in London, whereby the purchasing power of the Far East has been, theoretically at least, considerably increased. Fall River's sales of print cloths have been large and the tone of the cotton goods market is considered firm even if there is less activity than recently, the fall in raw cotton receipts made buyers somewhat more cautious. Then too, although the receipts at the ports an interior towns have increased, they are after all still on a very moderate scale.

A long period of very favorable weather threatens now to be succeeded by crop scares. Certainly, within a few days the occurrence of frost in Texas and Oklahoma has made the market nervous. Spinners, moreover, although they are not buying on so large a scale as recently, are still, in the market steadily buying futures. Large spot interest although they may be maneuvering for lower prices are said to be still buying here. American and continental buying in Liverpool has at times figured largely in the transactions there. The bill of lading difficulty has been adjusted.

That of itself is considered very important. Of late, however, the disposition has been rather, to sell than to buy for the time being despite some killing frosts in the southwest.

DUN'S REVIEW OF TRADE.

Volume of Trade Well Maintained—Outlook is Somewhat Brighter.

New York, Oct. 21.—R. G. Dun & Co.'s weekly Review of Trade tomorrow will say:

The actual volume of trade is well maintained and the hopeful sentiment which has been in evidence the last two weeks continues. Retail trade is somewhat affected by the unseasonable warm weather, but reports from most of the leading cities are quite satisfactory and reflect a cheerful view as to the outlook.

With prominent railroads signifying their intention to place more liberal contracts for needed equipment next month, the outlook in iron and steel is now somewhat brighter.

The advance in brown goods, denims, tickings and plaids is the feature in the dry goods markets. Bleached cottons have sold freely to jobbers and manufacturers, but fine and fancy cottons did not participate in the activity to any great extent.

The demand has fallen off since cotton declined. Export trade is restricted to high prices. Dress goods rule very quiet, but mens' wear agents report a fair business.

Orders for shoes again show some increase this week, but trade continues considerably below normal for this time of year.

COTTON RECEIPTS.

New York, Oct. 21.—The following are the total net receipts of cotton at all ports since September 1st:

Galveston—955,926.
New Orleans—154,548.
Mobile—55,871.
Savannah—478,356.
Charleston—95,610.
Wilmington—119,294.
Norfolk—111,947.
Baltimore—7,536.
New York—1,295.
Boston—1,470.
Newport News—178.
San Francisco—39,990.
Brunswick—50,193.
Port Townsend—3,450.
Pensacola—3,677.
Port Arthur and Sabine Pass—22,688.
Jacksonville—3,031.
Georgetown—160.
Texas City—43,098.
Minor Ports—22,766.
Total—2,134,520 bales.

IRREGULAR DAY FOR STOCKS

Recent Advance Was Pushed With Vigor During Early Trading—Impairment of Cash Holdings—Market Conditions.

New York, Oct. 21.—The advance in stocks which was pushed with vigor during the earlier portion of the day, encountered some obstacles later which resulted in a hesitating and irregular tone. A re-trograde movement in the later part of the day left final prices lower than the previous day's close. The call loan rate was unaffected and the tone of the time money itself was called somewhat easier.

Estimates of the week's currency movement, however, indicated another substantial impairment of the cash holdings of the banks through the renewed demands from the interior. The sub-treasury absorption proved smaller than last week, reaching only $1,217,000, but the total decrease with the interior shipments included was much larger, some estimates running to over $5,000,000. The probability thus is that the only way the banks can have avoided an impairment of the surplus is by continuing the policy of transfer of loans to the trust companies.

A change in speculative sentiment was traceable partly to a suspicion that new forces had taken up the market leadership, whose powers and resources are not so much relied on as the banking interests credited with the initiative in the present upward movement. The pronounced pressure which developed against the copper industrials gave color to a supposition of cleavage in market sentiment between great financial groups. Reports of labor troubles on the Missouri Pacific hurt the stock.

Bonds were firm. Total sales par value $3,519,000. United States bonds were unchanged on call. Total sales stocks for the day were 939,300 shares.

KILLING FROSTS REPORTEED.

Effect of It Felt On Cotton Market Yesterday—Liverpool.

(Special Star Telegram.)

New York, Oct. 21.—According to the official government reports, killing frosts occured at three points in Oklahoma and such low temperatures are reported at others in the same State, that it is thought the frost was general in the western and northern parts. Further frosts are expected tonight. The markets, especially Liverpool, opened higher and then lost all the improvements under what appeared to be further liquidation to close steady with the trade looking for a better market over Sunday. After so sharp a decline a recovery is due regardless of the future permanent course of prices whatever that may be. Europe is apparently taking that view of the situation, as despite the general tendency to increase crop estimates the foreign markets give the bust support to prices. Liverpool is expected to come three to four points higher tomorrow.

HUBBARD BROS. & CO.

VISIBLE SUPPLY OF COTTON.

Secretary Hester Places Figures at 2,745,499 for the Week.

New Orleans, La., Oct. 21.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 2,745,499 against 2,386,385 last week and 3,416,207 last year. Of this the total of American cotton is 2,195,499 against 1,844,385 last week and 3,029,207 last year, and of all kinds including Egypt, Brazil, India, etc., 550,000 against 542,000 last week and 387,000 last year.

DENIAL ABOUT JOHN DIX.

Roosevelt's Statement Declared False. No Wall Paper Trust.

New York, Oct. 21.—The charge in Theodore Roosevelt's speech last night that John A. Dix, the Democratic nominee for governor was a "director of the Wall Paper Trust" was denied today by Mr. Dix's friend and business associate, Winfield A. Huppuch, chairman of the Democratic State Committee. In a statement issued at Democratic headquarters today, he said:

"Mr. Roosevelt's charge that the Standard Wall Paper Company, of which Mr. Dix is a director and has been since June 1907, is a part of the wall paper trust is absolutely without foundation.

'The Standard Wall Paper Company is not connected directly or indirectly with any other wall paper company or with any wall paper trust or combination in any manner, shape or form, neither has it been since Mr. Dix became a director. As a matter of fact, there is no wall paper trust. The so-called 'Wall Paper Trust' or combination was dissolved in 1899. This statement is only continued evidence of Mr. Roosevelt's reckless disregard for facts and shows again how badly rattled he is at the situation in which he finds himself and his candidate."

PARKER SPEAKS AT AUBURN.

"Rottenness and Decay" That Needs to be Exposed in New York.

Auburn, N. Y., Oct. 21.—Alton B. Parker, speaking in behalf of the Democratic State ticket, addressed a gathering here tonight. Judge Parker said in part:

"All over the State there is rottenness and decay that needs to be exposed. As to the legislative investigation I say gentlemen that that investigation is partisan and forced by public opinion. Think what would be disclosed by men hostile to that political organization! It is the same in the United States government. Senators indicted and men prominent in National life have recently had the finger of scorn pointed at them many times."

Attacking Republican National extravagance, he said:

"The money spent by the last Republican Congress is just $157,000 a year for every year since Jesus scourged the money changers out of the temple."

DIED IN ARIZONA.

Edward Billingsley, of Anson Passed Away This Week.

(Special Star Correspondence.)

Wadesboro, N. C., Oct. 21.—Edward Billingsley died in Arizona Tuesday night after going there with the hope of restoring his health. He had suffered for some years with pulmonary trouble and went to Arizona about two months ago. He was 27 years of age and is survived by his father and mother, Mr. and Mrs. William Billingsley, of Lanesboro township, and wife and child. The remains were brought from Atlanta by Mrs. Marcus Billingsley and Mr. Gallagher, of the Seaboard.

For more than eight years Mr. Billingsley had been with the Seaboard Air Line Railway as bridge foreman and was a favorite with the company. He was a young man of fine character and leaves many sincere friends.

THE HOFFMAN HOUSE FAILS.

One of New York's Most Famous Hotels Thrown Into Bankruptcy.

New York, Oct. 21.—The old Hoffman House, at Broadway and 25th street, one of New York's most famous hotels, was thrown into bankruptcy by creditors this afternoon. Judge Holt, in the United States District Court, appointed a receiver with authority to continue business and it was said that the whole matter soon will be taken out of the receiver's hands by re-organization.

The Misses Caddagan, sisters of the late James Caddagan, continue the hotel, which has been famous as a gathering place for politicians. It ranks next in this respect to the Fifth Avenue Hotel, now a memory, and is the present Democratic State headquarters.

New Orleans, Oct. 21.—The College of Bishops of the Methodist Episcopal Church, South, in semi-annual conference here, held an executive session this morning. According to announcement, only business of a routine nature was transacted. Another session will be held tomorrow.

It's the World's Best

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sole eyes, cold sores, chapped hands or sprains, it's supreme. Infallible for piles. Only 25c at Robert R. Bellamy's.

FOURTH OF WORLD'S SERIES.

Game May be Postponed Today—Rain Again Predicted.

Chicago, Oct. 21.—A possible second postponement of the fourth game between the American and the National League baseball champions in the world's series was discussed tonight when the Weather Bureau issued a bulletin predicting rain tomorrow.

"Showers Saturday morning; continued cool," was the official weather forecast received with gloom at both the Chicago and the hiladelphia headquarters. Officials and others who examined the condition of the grounds at the West Side Ball Park during this afternoon declared that a heavy shower tomorrow morning would compel another postponement of the fourth game, which was to have been played today.

The discouraging weather outlook was the only subject discussed by gatherings of baseball enthusiasts at various hotels, theatres, and restaurants tonight. Followers of the Philadelphia team in particular, were displaying impatience with the situation. They took today's postponement with no great display of philosophy and when told of the possibility of a second postponement some of them started for home.

Partisans of the Chicago team, however are generally hailing today's postponement as a good omen.

Many of them declare that a break in the series of games will prove the charm that they think will break Chicago's losing streak.

Averages of players and teams based on the three games already played show a big margin in favor of the Athletics. The latter have scored 25 runs to their opponents 9; they have made 36 hits for a total of 53 bases against Chicago's 17 and 24 bases. They have batted an average of .356, compared with .189 by their rivals.

In fielding the Nationals are 50 points behind the Americans, their respective percentages being .891 and .950. Philadelphia has won her games with the use of only ten men, while Manager Chance has employed eighteen.

Philadelphia, Oct. 21.—Excitement over the world's series between the Chicago Cubs and the Philadelphia American League team, it is said, was the cause of the suicide tonight of Frank Ayres, a lad aged 15 years.

Young Ayres was a delivery boy in a department store and when he was refused permission to absent himself to see the game here on last Monday the boy gave up his position. His parents did not learn that the lad had quit work until this evening and when they were informed that he was without a position the boy was sent to bed without his supper. Later, when his mother had occasion to go up stairs she found her son hanging to a balustrade dead. He had used a sheet for a noose.

AFTERMATH OF STORM.

Big Damage to Shipping—Marine Disasters Reported.

Key West, Fla., by way of Havana, Oct. 21.—The U. S. cutter, Forward, returned here today bringing the rest of the passengers from the French trans-Atlantic steamer Louisane, which went ashore on Sombrero Reef during the hurricane on Monday.

About half of the 547 passengers reached here yesterday. The Captain of the Louisane reports that it will be impossible to save his ship until her cargo is removed. He is still waiting orders from the owners. The captain of the Neorwegian steamer which is fast in the quicksand at Marquesas has arrived at Tortugas Island and reports his vessel is in good condition.

The bark Hugo was towed into port last night by the tug Astral.

A derelict is reported near Sand Key.

The lighthouse tender Mangrove reports that the Carnegie laboratory at Tortugas about 80 miles west of this city, was hard hit by the cyclone. The large building was unroofed and its contents damaged, while the smaller house was destroyed.

STRIKE IN ST. LOUIS.

Some 1,200 Machinists Out—Strike-Breakers Ready.

St. Louis, Oct. 21.—Simultaneously with the walking out of boiler makers, pipe men and blacksmiths of the Missouri Pacific and the Iron Mountain Railroad systems today, in sympathy with the 1,200 striking machinists, the companies received three car loads of men from Chicago to fill the vacancies.

The walk out of the mechanical workers was general along the lines of the roads. Reports to the road's headquarters are to the effect that all members of the three unions obeyed the orders of their presidents to strike.

General Manager A. W. Sullivan said that the walkout would not have any material effect on the train service.

Sullivan said the roads employed 1,200 members of the unions which walked out today. The presidents of the unions maintain that 2,500 men quit work. No violence is anticipated.

London, Oct. 22.—4:55 A. M. A bulletin has just been issued stating that the condition of Prince Francis of Teck, a brother of Queen Mary, has become extremely critical during the last hour. Prince Francis is ill with pleurisy and recently underwent two operations.

Rome, Oct. 21.—According to official reports there were 25 new cases of cholera and 17 deaths during last night and today.

Five Years Old!

This bank was opened for business five years ago. In that time it has paid its stockholders fifty eight thousand dollars in Dividends, and now has fifty five thousand dollars undivided profits in addition to its original surplus of One Hundred Thousand Dollars. The total capital, surplus and net profits now amount to Three Hundred and Fifty-Five Thousand Dollars. Part of its assets are made up of

$200,000... United States Bonds.
$138,000.00 North Carolina Bonds.
$35,000.00 School Bonds.
$20,000.00 R. Road Bonds.

BRUCKER FOR OCEAN FLIGHT.

Will Attempt Flight Across the Atlantic in a Dirigible.

New York, Oct. 21.—The next attempt to cross the Atlantic in a balloon will probably be made on a westward course—the opposite from that attempted by Wellman. The expedition will be that of Joseph Brucker, formerly of Chicago, who has been engaged for a year in the preliminary plans for his airship trip.

Brucker's dirigible, the Suchard, is approaching completion at Munich. The entire equipment will be shipped to the Canary island at the end of the year and the start westward is scheduled to be made from Teneriffe next February. Brucker's first scheme was to start from Cadiz. The adoption of Teneriffe as a starting point will save him seven hundred miles of travel over the ocean.

The Suchard is 200 feet long and has 8,500 cubic metres gas capacity. The 200-horsepower motors will drive the airship by means of two propellers. The balloon will carry a 35-man life-boat and with a gasoline motor equipment.

Brucker hopes to sail with favoring northeast trade winds to Porto Rico or Hayti.

If necessary, he can make a descent there and then continue his voyage over Cuba to New Orleans. He has a novel method of overcoming the effect of the sun's rays on the balloon, which in the case of Wellman's expedition sent the America bounding up to a height of 3,500 feet. He proposes to meet this, not by an equilibrator as planned by Melvin Vaniman, but by filling tanks with water to act as ballast during the warm hours of the day and emptying them again as the cool of evening comes on. To do this he proposes to ship an automatic pump attached to the engine of the ship which will take in and discharge water through a long hose hung from the lower part of the balloon.

ANSON RADS DIVIDED.

Inspired by Butler's Speech, in Worse Tangle Than Ever.

(Special Star Correspondence.)

Wadesboro, N. C., Oct. 21.—The four-hour speech of Marion Butler at the Court House here yesterday accomplished one result. The Republican party spit at the recent county convention and an element calling themselves "progressives" seceded. Two county tickets were named and two county committees appointed. Yesterday at the conclusion of Butler's speech a mass convention was held and a new county ticket was named as follows: Representative, A. D. Griffin; sheriff, D. A. Carter; clerk of the court, H. H. Hayes; register of deeds, W. V. Waters, treasurer, R. A. Templeton; coroner, R. H. Hill; surveyor, D. H. Braswell; county commissioners, G. W. Fort, J. C. Caudle and F. P. Harris.

The mass convention, however, did not settle the question of organization and Anson county still has two Republican county committees and two chairmen, to-wit: C. A. Bland, representing the "progressives" or Butler faction, and J. L. Matheson, who is the regular chairman.

CHASED HER WITH RAZER.

Buxom Young Woman Starts Out After Another of Her Sex.

Atlanta, Ga., Oct. 21.—Chased by a buxom young woman armed with a safety razor, Mrs. W. J. Barnes, of 207 Echo street, this city, got the scare of her life yesterday when she notified Miss Elmore Dunlap to seek another lodging house. Mrs. Barnes didn't wait to see if it was a safety razor the young woman snatched up but fled to her own room screaming, and securely bolted the door. Neighbors called the police and Miss Dunlap was found still master of the situation, clutching the razor. Earlier in the day Miss Dunlap, when told to leave ,thrilled the neighborhood by yelling out that she had swallowed poison. After an examination at the hospital the surgeons announced that she had been "bluffing."

SAVANNAH AUTO RACES.

Will Arrange Other Races with Winer of Grand Prize Event.

Savannah, Oct. 21.—If the sanction of the Automobile Club of America can be secured an international race between the winner of the grand prize automobile contest and as many autoists as will wish to enter will be arranged for grand prize week in Savannah. This matter was taken up formally with Chairman Robert Lee Morrell, of the contest committee, by Secretary Solomon, of Savannah, today. Permission from the contest committee is all that stands in the way.

FORMER CUBAN RLUER DEAD.

Marquis de Sata Luvia Sustained Fatal Injuries in Fall.

Havana, Oct. 21.—Salvador Cisneros, Marquis de Santa Lucia, who was second President of the Cuban republic, died this evening at his plantation near Neuvitas from injuries received in falling from his horse this morning.

The Marquis de Santa Lucia was elected President of the Republic proclaimed by the insurgents in August 1895.

BIG DAMAGE TO RICE CROP.

As a Result of Storm Tides in South Carolina.

Charleston, S. C., Oct. 21.—The damage to the Carolina rice crop as a result of the storm tides of Tuesday and Wednesday will amount to at least 50 per cent. This estimate was confirmed tonight when Capt. Samuel G. Stoney, prominent rice man, returned after a thorough investigation. He stated that a loss of half the crop was a conservative estimate of the damage done by the high water during the storm.

THE MOHONK CONFERENCE.

Commissioner of Education Made Address.—Closed Last Night.

Mohonk Lake, October 21.—The Lake Mohonk Conference of friends of the Indian and other dependent peoples, closed tonight with an address by Elmer Ellis Worth Ellsworth Brown, United States Commissioner of Education.

"This is a well seasoned conference," said Mr. Brown, "and optimistic as regards the Indian."

SCHOONER FOOKS LOST.

Steamer Arrives at Gulfport with Part of Her Crew.

Gulfport, Miss., Oct. 21.—Bringing news of the loss at sea of the three masted schooner Harry F. Fooks, with Captain Hall, the mate and cook, the British steamer Coniston Water arrived at Gulfport this afternoon with crew. The rescued men reported that the Fooks encountered the hurricane and went down off the Cuban coast with Captain Hall, the mate and cook. The Fooke was lumber laden.

New Orleans, Oct. 21.—Hope was almost abandoned for the safety of the Norwegian steamer Bluefields four days overdue from Ceiba, Honduras, as up to a late hour tonight, no news of the vessel had been received.

Twenty eight persons were aboard upon her departure from Ceiba last Friday. It is believed she encountered the West Indian hurricane near the Yucatan channel.

Lima, Peru, October 21.—The Peruvian cabinet resigned today.
